Voters Shun Blue Law Issue

Proposed Amendment Soundly Defeated

COLUMBUS, Ohio (AP)—The only statewide issue on the ballot, a proposed amendment to Ohio's Constitution which attempted to define Sunday necessities, has been defeated.

The issue stems from the fact that, since 1831, Ohio laws have prohibited work on Sunday except labor which is "of necessity" or for charitable purposes.

But the courts, while consistently upholding the ban, have varied in their interpretation of necessary work. The Lawson Milk Co., which operates 376 dairy stores in Ohio and which lost some court decisions on Sunday sales in Northeast Ohio, turned to initiative petition to get the issue on the ballot.

A spirited campaign seemed to generate surprisingly little public reaction.

The amendment would have prohibited the legislature from passing laws to prevent sale of 23 items and services on Sunday.

Among these were milk, milk products, food for humans or animals, prescription drugs, newspapers and other news publications, radio and television broadcasting, gasoline and oil, public transportation, electric and natural gas service, other utilities and medical supplies.

Those favoring the proposal said it merely provided a guideline for future legislation in an effort to end uncertainties over so-called "blue laws."

Opponents argued that the amendment could result in Sunday operation of a number of retail establishments which courts in the past have said must be closed on Sunday. And, they contended, most items and services involved already are permitted, either through custom or court ruling.

The amendment needed a simple majority for approval and would have been effective immediately.

Lawson officials have contended that the legislature is not likely to take action on any general overhauling of Sunday closing laws, but there are indications the issue may come up again during the next session. Medley Hoch, president of Lawson, said today his company plans to try again to get legislative action.

Soviet Told To Back Up Khrush Pledge

WASHINGTON (AP)—Authoritative sources report the United States has told the Soviet Union it must make good on Premier Khrushchev's pledge to remove offensive weapons from Cuba under international inspection—Fidel Castro notwithstanding.

The Soviet Union, in turn, has passed the word back to Washington that although the Cuban premier minister poses difficulties, Khrushchev's promise still stands.

This exchange, the sources reported Tuesday, is the gist of secret U.S. Soviet talks being carried on in New York while the United States maintains diplomatic and military pressure for a Cuban settlement.

Castro opposes any foreign check within Cuba on removal of nuclear-capable missiles and bombers. Soviet First Deputy Premier Anastas I. Mikoyan has been in Havana since last weekend, talking to Castro and — presumably — trying to get him to change his mind.

HINES WINS COMMISSION SEAT; RHOADES RE-ELECTED AUDITOR

Winner Eyes Second Term

Early Vote Lead Paves Way for Incumbent

MARVINE RHOADES

Marvine Rhoades swept into the Pickaway County Auditor's office for a second four-year term in yesterday's general election.

Mrs. Rhoades defeated opponent Lawrence Liston by an unofficial count of 5,422 to 3,964.

Seeking re-election, she gained an early lead that widened as the results kept coming in. She carried all but seven precincts.

Mrs. Rhoades, the daughter of Wayne Hoover, a former Pickaway County commissioner, was born in Jackson Twp. She is a lifelong resident of the county.

She attended Jackson Twp. High School, Mann's Business College and Bliss College.

The incumbent auditor served on the Jackson board of education as a member and clerk for 21 years.

In the 1958 general election she defeated Mrs. Verna M. O'Hara. Liston, who has also lived in the county all his life and is a Circleville Twp. trustee.

It was his first attempt to gain the auditor's office.

Red China Offers Deal On Border

TOKYO (AP)—Communist China announced today its readiness — under certain conditions — to withdraw its troops 12½ miles north of the McMahon line on the eastern sector of India's border.

The McMahon line, drawn by a British diplomat in 1914, is regarded by India as her border with Tibet, now occupied by Red China.

The two sides do not agree just where the McMahon line lies, however.

On the western sector of the border in Ladakh, Red China's Premier Chou En-lai said the line to which Red Chinese troops have advanced "coincides in the main with the traditional, customary line which has been consistently pointed out by China."

The Red Chinese are estimated to have taken about 2,500 square miles in their current offensive, and now control all but about 500 miles of the 15,000 square miles they claim in the area.

Red China's proposal was made in a letter from Premier Chou which the New China News Agency said was sent to Prime Minister Nehru on Nov. 4.

It was described as an elaboration on what Peiping meant in its Oct. 24 proposals to withdraw to the "actual line of control" and then disengage by withdrawing 12½ miles from that line on each side.

Bob Taft's Son Leads Rhodes in Vote Margin

CINCINNATI (AP)—After a lapse of almost 10 years, another Taft will be on Capitol Hill next January—Robert Taft Jr., the son of Ohio's Mr. Republican.

Taft, 45-year-old son of the late Sen. Robert A. Taft, won election as Ohio's congressman-at-large by more than 600,000 votes—running slightly ahead of James A. Rhodes who captured the governor's post.

ED WALLACE

Wallace Gains 7th Term as Representative

Popular Lawmaker Wins Most Hotly Contested Race

Ed Wallace was elected to his seventh consecutive term in the lower house of the Ohio State Legislature in yesterday's election, downing opponent Darrell Hatfield by 282 votes, by today's unofficial count.

The race was by far the most hotly contested in the county balloting.

Darbyville, the first precinct reporting, gave Hatfield a short lived lead that was soon overcome by the incumbent. However, Wallace was not assured of re-election until the final precincts reported.

At one time he led by less than 25 votes.

IT MARKS the second time Wallace has defeated Hatfield. Two years ago, in a bid for the State Representatives' seat, he edged his opponent by 418 votes.

The well known Wallace amassed his biggest majority in precinct 4-H in the city. Hatfield piled up a 108 vote lead in Darby Twp. South, but he lacked the general vote getting strength of Wallace who carried 27 of the county's 50 voting precincts.

Wallace is best known in the county for the bakery business he operated on West Main Street for 39 years.

He is presently engaged in the real estate business. Hatfield owns and operates a real estate and insurance agency on W. Main St.

Unofficial results gave Wallace 4,827 votes compared to 4,545 for Hatfield.

Romney Wins Governorship In Michigan

DETROIT (AP)—Automaker George Romney—a new face on the political horizon — captured Michigan's governorship today, ending 14 years of Democratic rule in the executive office.

Romney, 55, defeated Gov. John B. Swainson, 37, a legless veteran of World War II, by cutting sharply into the traditionally Democratic stronghold of Wayne (Detroit) County.

By defeating Swainson, who had the all-out backing of the powerful AFL-CIO organization, Romney automatically became a dark horse contender for the 1964 Republican presidential nomination.

Romney's victory appeared to be a one-man show.

In the race for congressman-at-large, former Democratic National Committeeman Neil Staeber defeated ex-Rp. Alvin Bentley, who served in Congress for four consecutive terms from 1952 to 1960.

Latest returns indicated voters re-elected all Democratic incumbents on the state administrative board — sometimes called the "governor's cabinet."

These included the lieutenant governor, secretary of state, attorney general, auditor general and state treasurer.

Hospital Improvement Levy Fails To Gain Voter Approval

A proposed 1½ mill levy for expansion and improvements at Berger Hospital went down to defeat in Tuesday's election.

The issue was a heated contest throughout last night's counting. The yes-no standing changed several times before the last precinct reported in. The final unofficial tally was 4,305 affirmative votes and 4,529 negative.

The levy, seeking approximately \$900,000 over a five-year period, appeared at times to be on its way to gaining approval as last night's counting continued into the early morning hours. However, the tide began to change as more and more county precincts reported in.

Most precincts in the city carried the proposal, but it suffered severe defeats in many of the county polling stations. The final outcome could not be determined until almost all tabulations were registered at the Board of Elections office.

ELEVEN of Circleville's 15 precincts showed a majority yes vote. On the other hand, 23 county stations had more negative than affirmative marks.

The hospital levy received its biggest lift from Precinct 1-G, where the move was favored 299-126. Precinct 1-C showed an affirmative count of 223-124.

Handling the levy a sound setback was Ashville East Precinct which turned the measure down.

Ted Kennedy Defeats Lodge

Another of Family Sent to Washington

By TOM HENSHAW

BOSTON (AP)—Edward M. Kennedy, the President's kid brother, has scored a smashing triumph over Republican George C. Lodge to win his brother's old seat in the U.S. Senate.

The President was quoted as being "extremely pleased." The Kennedy landslide Tuesday promised to surpass the 511,000-vote margin rolled up by his brother two years ago when he won the presidency.

The 30-year-old baby of the politically potent Kennedy clan rolled up such a margin in his first race for public office that he carried fellow Democrat Endicott Peabody to an upset victory for governor over the incumbent Gov. John A. Volpe.

The only Republican candidate to a statewide office to survive the Kennedy Democratic sweep was Attorney General-elect Edward W. Brooke, who will be the first Negro to hold a major office in Massachusetts.

For the Kennedy family, it was a victory in round 4 of a 46-year old feud at the polls with the Lodge family.

President Kennedy defeated George's father, Henry Cabot Lodge Jr., for the same Senate seat in 1962. He beat him again in 1960 when the elder Lodge ran for vice president against a Democratic ticket led by Kennedy.

Back in 1916, the original Henry Cabot Lodge, George's great-grandfather turned back a Senate bid by John F. Fitzgerald, grandfather of the Kennedys.

Another name senatorial candidate, Harvard Prof. H. Stuart Hughes, grandson of the late Chief Justice Charles Evans Hughes, trailed far behind. Campaigning as an independent on a "disarmament and ban the bomb" platform, Hughes polled fewer than 50,000 votes.

DiSalle Is Back on Job, But Appears Shook Up

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle was back at his office this morning despite his defeat for re-election by James A. Rhodes.

The governor must have been a bit shaken up.

He left his car lights burning when he parked it in the State-house parking lot.

217-77. Ashville West followed the same pattern with a 127-64 count. Showing the heaviest vote against the levy in Circleville was 4-C on a 94-128 vote.

The defeat followed an extensive campaign by the hospital's Board

of Governors and other interested organizations. No definite plans have been announced as to what future steps will be taken for Berger expansion, although a new maternity wing is now in the planning stage.

Ohio GOP Congress Edge Increased by Vote to 18-6

COLUMBUS, Ohio (AP)—Ohio sends its largest group of representatives to the 88th Congress next year — a group even more heavily controlled by Republicans than the 16-7 break in the past congressional session.

Three upsets knocked incumbents out of office as the GOP gained an 186 margin among the 23 district races and the congressman-at-large.

The upsets came in the 10th District where Homer F. (Pete) Abele, beaten in 1958, turned the tables on Democratic incumbent Walter H. Moeller; the 11th District where Republican Oliver P. Bolton of Mentor defeated incumbent Robert Cook, and in the 15th District where Democrat Robert T. Secrest ousted Tom V. Moorehead.

Two other new faces will be among the Ohio delegation.

Robert Taft Jr. gained the Buckeye State's congressman-at-large seat, easily defeating political unknown Richard D. Kennedy of Cleveland, Democrat, and former Cincinnati mayor Carl W. Rich, Republican, defeated Monica Nolan for the 1st District seat made vacant by the retirement of Republican Gordon Scherer.

Taft, 45, son of the late Ohio senator, took his first step into national politics after serving four terms in the Ohio House. He becomes the first congressman-at-large from Ohio in 12 years — a slot created by the 1960 census and the failure of the General Assembly to redistrict the state.

For both Bolton and Secrest the victories meant comebacks to Capitol Hill.

Bolton, 45, is the son of Rep. Frances P. Bolton, who was re-elected from the 22nd District, and the late Chester C. Bolton, who served five terms in Congress before his death in 1939.

The young Bolton was first elected a representative in 1948 and was re-elected for the following term.

Secrest, 58, one of only two Democrats since the turn of the century to overcome the Republican advantage in the seven-county southeastern district, was in Congress from 1933 to 1942 and again from 1949 to 1954.

Both Abele and Rich will be freshmen congressmen.

Abele's battle with Moeller was

Bubbling with pride, Brown claimed victory at 1 a.m. and called it a tribute to President Kennedy, who warmly supported his candidacy.

Nixon, winner of California's 1960 presidential cliffhanger, retired to his Los Angeles hotel suite about 2:30 a.m. still hoping for a last-minute surge to put him over.

Brown rolled up a solid lead in Northern California, anchored by a 70,450 majority in San Francisco, his home town; and stayed steadily in front in Los Angeles, where Nixon was first elected to Congress in 1946.

California's bellweather county, Little Modoc in the extreme northeastern pocket of the state, backed Brown 1,431 to 1,021 in its 22 precincts. Modoc has voted for the winner in every election since 1928.

The governor, who matched his record in office against Nixon's claim that he could do better, jumped ahead at the start of the state's plodding count. He never fell behind.

Lone Negro Candidate In Ohio Is Defeated

COLUMBUS, Ohio (AP)—The only Negro running for major office in Ohio has been defeated.

Leodis Harris, a Republican, was beaten in his try to oust four-term Democratic U.S. Rep. Charles A. Vanik in Ohio's 21st Congressional District, located in Cleveland and Cuyahoga County.

Harris, a real estate examiner in Cleveland, is a political science graduate of Western Reserve University. He currently is a senior at Cleveland Marshall Law School.

GOP Victor In Early Lead

Walnut Twp. Farmer Earns Second Strint

WAYNE HINES

GOP candidate Wayne Hines unseated Democratic incumbent Charles Morris Jr., at yesterday's election in the race for Pickaway County Commissioner.

Hines, Route 1, Ashville, formerly occupied a seat on the County Commission from 1956-60. He was defeated at the polls in November of 1960.

He returns to the county post as a lone Republican. Other members of the Commission, Lloyd Melvin and Clyde Michel, are both Democrats.

Morris, current chairman of the county solons, will end his four-year term in January.

The victor of yesterday's race is a Walnut Twp. dairy farmer. He is a member of the Nebraska Grange, Walnut Twp. PTA and Hedges Chapel Church.

THE contest stayed within a "toss-up" range until the final stages of election returns, although Hines carried a slight margin from the beginning.

Hines commanded 28 of the county's 50 polling places. His heaviest vote came from the Ashville and Walnut Twp. areas.

A total of 202 ballots were cast for him in Ashville East; 165 in Walnut East; 275 in Circleville 1-G and 163 in Circleville 1-F. His weakest area was in Morris' home territory, Saltcreek Twp.

The unofficial totals of the race were 8,406 for Hines and 4,360 for Morris.

other Democratic state candidates in Ohio's election.

The GOP also elected Robert Taft Jr., as congressman — at large to help strengthen its top-heavy Ohio congressional delegation, but U.S. Sen. Frank J. Lausche, independent-minded Democrat, bucked the trend to win reelection.

Republicans retained control of both houses of the legislature on the basis of nearly complete returns.

An attempt to liberalize Ohio's constitutional ban on most Sunday business failed.

That was the story of Tuesday's heavy voting in the wake of one of the toughest gubernatorial campaigns in recent years.

Rhodes, 53, promised in a victory statement to push his programs for revenue bond-financed industrial development, educational expansion and help for the needy aged and delinquent young.

DiSalle, 54, said he felt as though a weight had been lifted from his shoulders. He pitched his campaign on welfare, educational and mental health programs requiring tax increases atop a big boost pushed through early in his four-year term.

Lausche, 66, former five-term governor and Cleveland mayor, defeated Republican John Marshall Briley, 57-year-old Toledo business executive turned politician. The senator entered a naval hospital in Bethesda, Md., a few days before the election. He is recovering from what aides termed exhaustion.

Taft, 45, son of the late U. S. Sen. Robert A. Taft, took the measure of Cleveland real estate man Richard D. Kennedy, 39, who is unrelated to the President.

The victory of Taft, majority floor leader in the Ohio House, and upsets in congressional districts gave Republicans an 18-6 margin over Democrats in the Ohio delegation. The present margin is 16-7.

Ohio gained a 24th congressman through the last federal census but his election was on a statewide basis for lack of a district to run in.

Oliver P. Bolton defeated Democratic Congressman Robert E. Cook in the 11th District of Northern Ohio to return the first mother-son team to the U.S. House. Mrs. Frances P. Bolton, his mother, won re-election in the neighboring 22nd District, a part of Cuyahoga County. Bolton returns to the House after a brief respite from politics.

In the 10th District of Southern Ohio, Republican Homer E. Abele upset Congressman Walter H. Moeller, Democrat seeking reelection.

But Democrats elected Robert T. Secrest to the 15th District seat he held before serving on the Federal Trade Commission and as Ohio commerce director. He defeated Congressman Tom V. Moorehead, Zanesville Republican.

Nearly complete returns showed Rhodes headed for a wider margin of victory than DiSalle chalked up four years ago in beating then GOP Gov. C. William O'Neill, now State Supreme Court judge, by nearly half a million votes.

Rhodes captured the major counties of Cuyahoga, Franklin, Hamilton, Montgomery, Trumbull, Stark and Lucas, DiSalle's home county.

Rhodes lost strongly Democratic Mahoning County to DiSalle by only seven votes and Summit by a few hundred. Staunchly Democratic Pike County stuck by DiSalle by nearly a 2-1 margin.

But Rhodes edged DiSalle in Belmont, Lorain and Jefferson counties.

DiSalle collected all 13 of those counties in 1958. His margin in Cuyahoga County, a Democratic stronghold, was nearly 196,000 and in Lucas County more than 50,000.

Mother-Son Team Sent to Congress

COLUMBUS, Ohio (AP)—The only mother-son team in the history of Congress is about to join forces again.

Rep. Frances P. Bolton of suburban Cleveland was re-elected Tuesday. Her son, Oliver P. Bolton, was elected to Congress after a self-imposed six-year layoff because of a heart attack.

Bolton will represent his old district, Ohio's 11th. His mother will continue to represent the 22nd District. Bolton defeated the Democratic incumbent, Robert Cook of Ravenna. Bolton is a Mentor resident.

BOSTON (AP)—Edward M. Kennedy, the President's kid brother, has scored a smashing triumph over Republican George C. Lodge to win his brother's old seat in the U.S. Senate.

The President was quoted as being "extremely pleased."

The Kennedy landslide Tuesday promised to surpass the 511,000-vote margin rolled up by his brother two years ago when he won the presidency.

The 30-year-old baby of the politically potent Kennedy clan rolled up such a margin in his first race for public office that he carried fellow Democrat Endicott Peabody to an upset victory for governor over the incumbent Gov. John A. Volpe.

The only Republican candidate for a statewide office to survive the Kennedy Democratic sweep was Attorney General-elect Edward W. Brooke, who will be the first Negro to hold a major office in Massachusetts.

For the Kennedy family, it was a victory in round 4 of a 46-year feud at the polls with the Lodge family.

President Kennedy defeated George's father, Henry Cabot Lodge Jr., for the same Senate seat in 1952. He beat him again in 1960 when the elder Lodge ran for vice president against a Democratic ticket led by Kennedy.

Back in 1916, the original Henry Cabot Lodge, George's great-grandfather turned back a Senate bid by John F. Fitzgerald, grandfather of the Kennedys.

Another name senatorial candidate, Harvard Prof. H. Stuart Hughes, grandson of the late Chief Justice Charles Evans Hughes, trailed far behind. Campaigning as an independent on a "disarmament and ban the bomb" platform, Hughes polled fewer than 50,000 votes.

DiSalle Is Back on Job, But Appears Shook Up

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle was back at his office this morning despite his defeat for re-election by James A. Rhodes.

The governor must have been a bit shaken up. He left his car lights burning when he parked it in the Statehouse parking lot.

Walnut Twp. Farmer Earns Second Stint

WAYNE HINES

GOP candidate Wayne Hines unseated Democratic incumbent Charles Morris Jr., at yesterday's election in the race for Pickaway County Commissioner.

Hines, Route 1, Ashville, formerly occupied a seat on the County Commission from 1956-60. He was defeated at the polls in November of 1960.

He returns to the county post as a lone Republican. Other members of the Commission, Lloyd Melvin and Clyde Michel, are both Democrats.

Morris, current chairman of the county solons, will end his four-year term in January.

The victor of yesterday's race is a Walnut Twp. dairy farmer. He is a member of the Nebraska Grange, Walnut Twp. PTA and Hedges Chapel Church.

THE contest stayed within a "loss-up" range until the final stages of election returns, although Hines carried a slight margin from the beginning.

Hines commanded 28 of the county's 50 polling places. His heaviest vote came from the Ashville and Walnut Twp. areas.

A total of 202 ballots were cast for him in Ashville East; 165 in Walnut East; 275 in Circleville 1-G and 163 in Circleville 1-F. His weakest area was in Morris' home territory, Salt Creek Twp.

The unofficial totals of the race were 8,406 for Hines and 4,360 for Morris.

DiSalle Still Has His Needle Sharpened for Jim Rhodes

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle said today his defeat for reelection would not end his pursuit of charges against the winner, Republican State Auditor James A. Rhodes.

At a jam-packed morning news conference, attended by Mrs. DiSalle and several cabinet members, the Democratic governor issued a prepared statement describing by some aides as a political bridge burner.

"I feel no different today than I did yesterday about my opponent," DiSalle said. "I have never had an opponent for whom I have less respect and whom I

feel is less qualified to serve the people of this state.

"During the campaign I questioned his integrity. If I had not believed it then I would not have raised the issue. The fact that my opponent has won an election does not change my beliefs."

"I am going to pursue the charges that have been made. I am going to try to enlist the efforts of every branch of the federal government to investigate his dealings. I am going to bring before the various other law enforcement agencies the violations of law that I believe exist."

DiSalle referred to claims that Rhodes made personal use of political campaign contributions and fraudulently charged local subdivisions rent for state-owned adding machines used by examiners to audit their books.

Rhodes said he was reimbursed for campaign travel from campaign funds and repaid a loan with interest.

He denied any wrong-doing in the adding machine case and asserted that purchase of 25 machines from rentals enabled his office to end the practice of charging rents at a savings to subdivisions.

Two nationally-known accounting firms said after an inspection of records that they found no law violations in the transactions and a Franklin County grand jury later refused to return an indictment on the basis of the governor's charges.

Another special grand jury investigating claims of a distiller that he paid to have his bourbon listed in state liquor stores is in recess until next week.

DiSalle said he had no plans to confer with Rhodes.

The governor said he would "substantially finish" his term to within a matter of a few hours. He added that he had nothing in mind as yet after he leaves office but made it clear that he does not want a State Supreme Court seat.

Ohio's Governor-Elect Noted For His Enthusiasm on Job

COLUMBUS, Ohio (AP) — A coal miner's son who began his climb up the political ladder as a ward committeeman in Columbus is Ohio's new Republican governor.

It was a long, tough and often discouraging struggle for the 53-year-old James Allen Rhodes to reach — finally — the success he had dreamed about since a boy in the hills of Southern Ohio's Jackson County.

But his victory in Tuesday's election — by a whopping margin over the politically astute Democratic incumbent, Michael V. DiSalle, must have been particularly sweet — coming it did after one of the most bitterly fought campaigns in Ohio history.

The candidates had traded stiff punches for months, with DiSalle getting in some of the sharpest blows. One was allegations of irregularities in Rhodes' operations finally landed in the lap of the Franklin County grand jury. The jury reported only last Saturday night that it found no illegal operations.

Rhodes' office had been accused of illegally charging subdivisions rental for adding machines used by examiners. Rhodes claimed the money from the rentals was applied to purchase of new machines and perfectly legal. At one time Rhodes' income tax returns had been questioned by leading Democrats.

Rhodes slugged back. Political infighting was nothing new for the trim, still youthful-looking 6-footer.

He's a pipe-smoker, energetic, capable of arousing enthusiasm in those about him, and an ardent sports fan who has served two terms as president of the Amateur Athletic Union. He represented the United States in the Olympic Games in London in 1948 and helped found the Pan-American games.

Rhodes was eight when his miner father died. He worked after school at odd jobs to help his mother, now dead, and two sisters maintain their home. Later he graduated from high school in Springfield, and, for a short period before entering politics, he attended Ohio State University.

From ward committeeman he moved into two terms as Columbus city auditor and then as Columbus mayor for three terms.

At this election he was running out 10 years and three terms as state auditor.

In his spare time he co-authored three books including "The Trial of Mary Todd Lincoln."

In 1954 he ran for governor against now U.S. Sen. Frank J. Lausche and took a good beating. He had tried but lost a bid for the gubernatorial nomination in 1950.

Rhodes' most enthusiastic supporters all along have been his wife, Helen, and daughters Suzanne, 19; Sandra, 17, and Sharon, 12.

Telling a cheering crowd in his office late on election night that "we have tonight won a resounding victory."

Local K of C Unit Conducts Regular Meet

Hannan Council 5297, Knights of Columbus, conducted its regular meeting this week in the council rooms at Franklin and Pickaway Sts.

Out-of-city guests were George Flynn, district deputy, and Bernard Glickner, district warden, both of Portsmouth Council 741.

Deputy Flynn congratulated the local council for winning the statewide six point program contest for September. Flynn added that it was an honor for the newly organized council to receive the award for two consecutive months.

The local unit also won the contest in August.

More than 200 councils participate in the monthly competition. Merit is awarded for sponsorship and participation in Catholic activities, fraternal activity, publicity, membership and insurance, council activity and a youth program.

The local K of C council has planned a skating party for members' children on Nov. 17. It was also announced that a Thanksgiving Party will be held for Knights and their wives at 8 p. m. Nov. 22.

ing mandate to get Ohio moving," he promised to do just this, adding:

"All that is on my mind at this moment is to create a better Ohio during the next four years and be the best governor Ohio has ever had."

He'll have some monumental problems. And just about everyone who knows him will agree on one thing: He'll never lack enthusiasm for the job.

Teacher Group Names Officers For School Year

Oakley Leist, principal of the Washington Twp. School, has been elected president of the Pickaway County Teachers Assn.

Leist replaces Carl Bennett who retired last spring.

Marcus Albright, industrial arts instructor at Teays Valley, was named vice president. Caroline Fudge, high school teacher at Teays Valley, was named secretary-treasurer.

James Brown and Alfred Gabriel were selected as delegates to attend the Ohio Education Assn. Representative Assembly slated Nov. 29 through Dec. 1. George McDowell, Pickaway County Superintendent, said if the local association is allowed to send more than two representatives Miss Twila West, Williamsport teacher, will go. Otherwise Miss West will be the first alternate.

RUTH STOUT is the second alternate and Paul Hoskins is third. Mary Jo Gaskella was named president of the county music teachers. Mrs. Joseph Peters, Williamsport, will serve as vice president.

Mrs. Ross Hamilton, Jackson, is the secretary of the group. Plans for the county music festival were initiated. The next meeting of the music teachers will be Dec. 4.

James Brown was elected secretary treasurer of the Pickaway County Honor Society.

Commission Race Close In Fayette

Heavy voting attention in Fayette County yesterday centered on the race between Robert J. Mace and Max E. Lawrence of the post of county commissioner.

Mace, a Democrat, gained the edge in a close contest. He garnered 3,956 votes compared to 3,938 for Lawrence.

Making a successful bid for the Fayette County of Common Pleas judgeship was Mrs. Evelyn W. Coffman. She edged opponent Reed M. Winegardner by a 4,059-2,626 margin. The successful candidate defeated Judge John Case in the May primary.

Democrat incumbent Virtus J. Kruse moved ahead of Republican Belford Carpenter to win the state representative seat. The count was 4,599 to 2,177.

HARRY R. ALLEN, Republican, was unopposed for the county auditor's post.

In other voting, Washington C.H. handily passed a 2-mill school operating renewal.

Rotary To Hear Judge Ammer Talk

William Ammer, Pickaway County Common Pleas Court judge, will be guest speaker at tomorrow's regular Rotary Club meeting.

Judge Ammer's topic will be "Canon 35". His talk will be at the regular BPO Elks meeting place.

The program for the day will be directed by Sterling Poling.

Head Injury Treated

Clyde Melvin, Route 3, was the only person receiving emergency treatment in Berger Hospital yesterday. He suffered a laceration on the top of his head resulting from a fall while working at the Sturm and Dillard Co. He was released.

U.S.-Russian Talks on Cuba Hitting Snag

Rockets 'Moving Out'
But Castro Continues
To Refuse Inspection

UNITED NATIONS, N.Y. (AP) — The U.S. drive to get Soviet offensive weapons out of Cuba and international inspection of the withdrawal appeared today to have taken a critical turn.

U.S. Ambassador Adla E. Stevenson, after a five-hour meeting Tuesday night with Soviet Deputy Foreign Minister Vasily V. Kuznetsov, said glumly: "This one was not fruitful."

"The missiles are moving out and the talks are moving on," Stevenson said. But he gave no indication that the missiles and atomic jet bombers were leaving Cuban soil.

Stevenson obviously was disappointed after emerging from the longest exchange he has had with the Russians since the Cuban crisis erupted more than two weeks ago.

The U.S. delegation kept a tight lid on what took place in the talks, but it was apparent that the United States was stepping up pressure on Premier Khrushchev to hold to his pledge to remove missiles and all other offensive weapons and ship them back to the Soviet Union.

Main stumbling block has been Prime Minister Fidel Castro's refusal to permit on-the-spot inspection of the missile sites by the United Nations, the International Committee of the Red Cross or any other foreign agency.

It was indicated that American diplomats would continue talks with the Russians here, but no date was set for a new meeting. The United States reportedly has told the Soviet Union it will not accept Castro's adamant stand as an excuse for the Russians not living up to Khrushchev's pledge.

The Soviets have informed the Americans the promise still stands but cited trouble in dealing with the balky Cuban leader.

Soviet First Deputy Premier Anastas I. Mikoyan met with Castro in Havana Tuesday night for possibly his last attempt to get Castro to fall in line.

There was no official indication of how the four-day talks were progressing, but the impression in Havana was that Mikoyan would leave for Moscow soon to be on hand for his wife's funeral Friday.

It could not be learned at the U.N. whether Mikoyan would stop in New York to report on his talks with Castro or fly direct to Moscow.

One bright spot in the picture was indication that the plan for Red Cross inspection of Cuban-Soviet ships was about to get under way.

Acting U.N. Secretary-General U Thant scheduled meetings today with envoys of the United States, the Soviet Union and Cuba to iron out final arrangements for the operation.

Kingston Band Collects \$400

Members of the Kingston High School Band and Band Mothers collected more than \$400 Monday in a door-to-door fund raising drive.

Mrs. Joseph Ours directed the canvas which was led by the high school marching band.

During the drive, Kenneth Timmons, commander of the Kingston American Legion Post, presented the school with a new United States flag.

Following the fund-raising drive, William Russell, director, showed movies of the band's appearances at Pumpkin Show. Refreshments were served.

Band members and Band Mothers expressed their appreciation to the people of the school district for their support of the band. Donations may still be made by contacting Mrs. Raymond Davis.

Khrush Says 40 Red Rockets Dismantled at Cuban Bases

MOSCOW (AP) — Premier Khrushchev said today 40 Soviet rockets stationed in Cuba have been dismantled and "are probably already on their way," presumably to this country. Now, he added, there is no need for a summit meeting with President Kennedy.

He confessed deep relief at easing of the Cuban crisis but warned, in talking to reporters at a Kremlin reception marking the 45th anniversary of the Bolshevik revolution, that some tensions remain.

The Soviet premier, however, seemed in a relaxed mood and appeared to be celebrating a relaxation of the Cuban tension.

"A hard policy is not always best," he told reporters in discussing conduct of foreign policy. "Flexibility is necessary."

"I was never in favor of a summit meeting. If there were a situation where there was a question of peace or war, then of course,

Needles Driven Into Girl To Prove Love

KANSAS CITY, Mo. (AP) — "He told me, if you are in pain, I'll hold you close and comfort you and he made me promise not to tell anyone what he had done."

That's how an 18-year-old high school girl explained Monday, in a statement to police, the presence of 11 needles deeply imbedded in her body.

Her boyfriend, who is 17, said in his statement: "She said she would let me stick needles in her to prove how much she loved me."

He said he first stuck the girl a year ago. The latest was inserted last month.

Surgeons removed two needles from the girl's abdominal cavity and another from her right leg Saturday. Five more are in her chest area and three are in her stomach. She is in satisfactory condition, however.

Severe leg pains forced the girl to consult a physician. X-rays revealed the needles.

Names of the youngsters were not released. The boy is not in custody and no charges have been filed.

We would be in favor of it. But now there is no such necessity," he said.

Pica Complex And Unexplained

Q. Why do some children eat dirt? Is there something in dirt that they need?

A. It is natural to assume that the abnormal craving for unnatural food (the medical term for this condition is "pica") is due to a lack of something in the diet. Doctors who studied a large number of children with pica concluded that iron deficiency might be the most important single cause. To test this theory the children were given large doses of iron by injection. They went right on eating dirt, chalk, plaster, and what-have-you. The cure of pica, like the cause, seems very complicated, and neither has been solved.

Fried Foods
Q. I have a stomach (peptic) ulcer. My doctor advises that I avoid fried foods but he didn't explain why. Can you?

A. The heating of fats, as in frying, causes chemical changes in the fats that increase in degree the higher the temperature. Frying may raise the temperature to a point where the fat is "polymerized." With consequent loss of digestibility. Unsaturated fatty acids may also be destroyed and irritant substances formed. Hard-to-digest foods should, of course, be avoided by persons with stomach ulcer.

Q. I have a stomach (peptic) ulcer. My doctor advises that I avoid fried foods but he didn't explain why. Can you?

A. We submitted this question to one of our editors who has spent many years in foreign lands where B.C.G. vaccine has been extensively used. Here is his answer. "I have observed the use of B.C.G. vaccine in other countries during the last twenty years. It is of definite value. One group of investigators found that the vaccine gives better than 70 percent protection. However, we have been slow to adopt its use in the U.S.A."

DiSalle Still Has His Needle Sharpened for Jim Rhodes

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle said today his defeat for reelection would not end his pursuit of charges against the winner, Republican State Auditor James A. Rhodes.

At a jam-packed morning news conference, attended by Mrs. DiSalle and several cabinet members, the Democratic governor described a prepared statement issued by some aides as a political bridge burner.

"I feel no different today than I did yesterday about my opponent," DiSalle said. "I have never had an opponent for whom I have less respect and whom I

Rocket Motor Loading Slated At Ravenna

RAVENNA, Ohio (AP) — The Ravenna arsenal, nearly idle recently, will be converted in part to a base for loading rocket motors with solid fuel by the Hercules Powder Co. of Wilmington, Del., a company spokesman says.

He added that 300 persons would be employed there once the facilities were ready.

The spokesman said a contract between Hercules and the U.S. Air Force was being negotiated. Rep. Robert E. Cook said the project "could be the opening edge to bringing the missile industry into Ohio."

About six months will be required to change facilities at the 23,000-acre arsenal to meet Hercules' needs, the company spokesman said.

Hercules now produces the third stage of the Minuteman missile for the Air Force and the second stage of the advanced U.S. Navy Polaris sea-to-ground missile.

Neither of these projects would be involved, the spokesman said. The company also loads solid fuels into several rockets used by the National Aeronautics and Space Administration.

Cook said he had been in contact with Hercules and the Defense Department during the negotiations and understood that an agreement had been reached but a lease had not yet been signed.

Stock Market Ignores Poll

NEW YORK (AP) — The stock market moved irregularly early this afternoon, showing no apparent reaction to the election returns.

The list had behind it six straight sessions without a loss as some profit taking was to be expected, analysts said. Five of the past half dozen sessions saw sharp gains.

The lit was irregularly lower in early trading but improved somewhat as the session wore on. The Associated Press average of 60 stocks at noon was unchanged at 224.4 with industrials, rails, and utilities all unchanged. Chrysler posted a fractional net gain.

General Motors traded fractionally lower. Ford was steady. American Motors eased.

Du Pont posted a gain exceeding 3 points.

Village Tax Levy Is Turned Down

South Bloomfield voters turned down an added tax levy on their ballots during yesterday's election.

Villagers failed to pass the issue which called for an 0.50 of a mill for additional funds to meet current operating expenses of the corporation.

The one precinct of the village reported 59 affirmative votes and 87 negative on the issue.

Swimming for Safety

AUGUSTA, Ga. (AP) — She walks, she talks and will soon be swimming.

Fourteen-month-old Francis Suzanne Burroughs is the youngest member of the YWCA mother-tot class and had to get special permission to join.

She fell into a family pool at 10 months and her father insisted she learn to swim to prevent her drowning.

feel is less qualified to serve the people of this state.

"During the campaign I questioned his integrity. If I had not believed it then I would not have raised the issue. The fact that my opponent has won an election does not change my beliefs."

"I am going to pursue the charges that have been made. I am going to try to enlist the efforts of every branch of the federal government to investigate his dealings. I am going to bring before the various other law enforcement agencies the violations of law that I believe exist."

DiSalle referred to claims that Rhodes made personal use of political campaign contributions and fraudulently charged local subdivisions rent for state-owned adding machines used by examiners to audit their books.

Rhodes said he was reimbursed for campaign travel from campaign funds and repaid a loan with interest.

He denied any wrong-doing in the adding machine case and asserted that purchase of 25 machines from rentals enabled his office to end the practice of charging rents at a savings to subdivisions.

Two nationally-known accounting firms said after an inspection of records that they found no law violations in the transactions and a Franklin County grand jury later refused to return an indictment on the basis of the governor's charges.

Another special grand jury investigating claims of a distiller that he paid to have his bourbon listed in state liquor stores is in recess until next week.

DiSalle said he had no plans to confer with Rhodes.

The governor said he would "substantially finish" his term to within a matter of a few hours. He added that he had nothing in mind as yet after he leaves office but made it clear that he does not want a State Supreme Court seat.

Ohio's Governor-Elect Noted For His Enthusiasm on Job

COLUMBUS, Ohio (AP) — A coal miner's son who began his climb up the political ladder as a ward committeeman in Columbus is Ohio's new Republican governor.

It was a long, tough and often discouraging struggle for the 53-year-old James Allen Rhodes to reach — finally — the success he had dreamed about since a boy in the hills of Southern Ohio's Jackson County.

But his victory in Tuesday's election — by a whopping margin over the politically astute Democratic incumbent, Michael V. DiSalle, must have been particularly sweet — coming it did after one of the most bitterly fought campaigns in Ohio history.

The candidates had traded stiff punches for months, with DiSalle getting in some of the sharpest blows. One was allegations of irregularities in Rhodes' operations finally landed in the lap of the Franklin County grand jury. The jury reported only last Saturday night that it found no illegal operations.

Rhodes' office had been accused of illegally charging subdivisions rental for adding machines used by examiners. Rhodes claimed the money from the rentals was applied to purchase of new machines and perfectly legal.

At one time Rhodes' income tax returns had been questioned by leading Democrats.

Rhodes slugged back. Political infighting was nothing new for the trim, still youthful-looking 6-footer.

He's a pipe-smoker, energetic, capable of arousing enthusiasm in those about him, and an ardent sports fan who has served two terms as president of the Amateur Athletic Union. He represented the United States in the Olympic Games in London in 1948 and helped found the Pan-American games.

Rhodes was eight when his miner father died. He worked after school at odd jobs to help his mother, now dead, and two sisters maintain their home. Later he graduated from high school in Springfield, and, for a short period before entering politics, he attended Ohio State University.

From ward committeeman he moved into two terms as Columbus city auditor and then as Columbus mayor for three terms.

At this election he was round in 10 years and three terms as state auditor.

In his spare time he co-authored three books including "The Trial of Mary Todd Lincoln."

In 1954 he ran for governor against now U.S. Sen. Frank J. Lausche and took a good beating. He had tried but lost a bid for the gubernatorial nomination in 1950.

Rhodes' most enthusiastic supporters all along have been his wife, Helen, and daughters Suzanne, 19; Sandra, 17, and Sharon, 12.

Telling a cheering crowd in his office late on election night that "we have tonight won a resounding victory."

Heavy voting attention in Fayette County yesterday centered on the race between Robert J. Mace and Max E. Lawrence of the post of county commissioner.

Mace, a Democrat, gained the edge in a close contest. He garnered 3,956 votes compared to 3,938 for Lawrence.

Making a successful bid for the Fayette County Court of Common Pleas judgeship was Mrs. Evelyn W. Coffman. She edged opponent Reed M. Winegardner by a 4,039-2,626 margin. The successful candidate defeated Judge John Case in the May primary.

Democrat incumbent Virtus J. Kruse moved ahead of Republican Belford Carpenter to win the state representative seat. The count was 4,599 to 2,177.

HARRY R. ALLEN, Republican, was unopposed for the county auditor's post.

In other voting, Washington C.H. handily passed a 2-mill school operating renewal.

U.S.-Russian Talks on Cuba Hitting Snag

Rockets 'Moving Out' But Castro Continues To Refuse Inspection

UNITED NATIONS, N.Y. (AP) —The U.S. drive to get Soviet offensive weapons out of Cuba and international inspection of the withdrawal appeared today to have taken a critical turn.

U.S. Ambassador Adla E. Stevenson, after a five-hour meeting Tuesday night with Soviet Deputy Foreign Minister Vasily V. Kuznetsov, said glumly: "This one was not fruitful."

"The missiles are moving out and the talks are moving on," Stevenson said. But he gave no indication that the missiles and atomic jet bombers were leaving Cuban soil.

Stevenson obviously was disappointed after emerging from the longest exchange he has had with the Russians since the Cuban crisis erupted more than two weeks ago.

The U.S. delegation kept a tight lid on what took place in the talks, but it was apparent that the United States was stepping up pressure on Premier Khrushchev to hold to his pledge to remove missiles and all other offensive weapons and ship them back to the Soviet Union.

Main stumbling block has been Prime Minister Fidel Castro's refusal to permit on-the-spot inspection of the missile sites by the United Nations, the International Committee of the Red Cross or any other foreign agency.

It was indicated that American diplomats would continue talks with the Russians here, but no date was set for a new meeting. The United States reportedly has told the Soviet Union it will not accept Castro's adamant stand as an excuse for the Russians not living up to Khrushchev's pledge.

The Soviets have informed the Americans the promise still stands but cited trouble in dealing with the bumpy Cuban leader.

Soviet First Deputy Premier Anastas I. Mikoyan met with Castro in Havana Tuesday night for possibly his last attempt to get Castro to fall in line.

There was no official indication of how the four-day talks were progressing, but the impression in Havana was that Mikoyan would leave for Moscow soon to be on hand for his wife's funeral Friday.

It could not be learned at the U.N. whether Mikoyan would stop in New York to report on his talks with Castro or fly direct to Moscow.

One bright spot in the picture was indication that the plan for Red Cross inspection of Cuba-bound Soviet ships was about to get under way.

Acting U.N. Secretary-General U Thant scheduled meetings today with envoys of the United States, the Soviet Union and Cuba to iron out final arrangements for the operation.

Members of the Kingston High School Band and Band Mothers collected more than \$400 Monday in a door-to-door fund raising drive.

Mrs. Joseph Ours directed the canvas which was led by the high school marching band.

During the drive, Kenneth Timmons, commander of the Kingston American Legion Post, presented the school with a new United States flag.

Following the fund-raising drive, William Russell, director, showed movies of the band's appearances at Pumpkin Show. Refreshments were served.

Band members and Band Mothers expressed their appreciation to the people of the school district for their support of the band. Donations may still be made by contacting Mrs. Raymond Davis.

Weird but Bloody War

India continues to lose ground in the mysterious war started by marauders of Red China and now involving small armies of infantry. New Delhi admits Indian forces have suffered thousands of casualties.

Nehru realizes the seriousness of his nation's predicament and has called on Washington for arms and ammunition, which are being supplied. The United States has given large amounts of economic assistance to India, but offers of military aid have been refused in the past.

The war is mysterious for many reasons, including Peiping's intentions. Does China plan wholesale invasion of India, or is it content to continue to border controversy designed to take the eyes of its people off empty food shelves and chaotic economic conditions?

Many Western observers have noted China's need for more territory or fewer

people. But populous India, with its own share of underfed inhabitants, could not satiate the Chinese appetite, and could only temporarily satisfy a communist dictatorship's craving for territorial expansion. If new food sources were the Chinese aim, Southeast Asia or Mongolia would offer richer prizes.

Assuming, then, it is not riches the Chinese seek, the attack upon India becomes even more mysterious. Nehru's government has been one of the most consistent supporters of Red China in the United Nations, and even today is supporting the Soviet Union's demand for seating of the Peiping regime.

Whatever the outcome of the Red Chinese war on India, if the eyes of New Delhi have not then been opened to the world-wide threat of communist aggression, that will be the greatest mystery of all.

Brazil Typifies Chaos

Suppose the cost of everything you buy—food, clothing, rent, baby bottles, etc.—was increasing 50 per cent every year. The country would be in a continuing condition of turmoil and crisis.

This is the condition afflicting Brazil. The problem is the responsibility of President Joao Goulart. But he has failed to meet it with firmness. The Brazilian finance minister, Miguel Calmon, has devised a plan calling for austerity both by the government and the people. But it is political dynamite and so President Goulart

has refused to accept it.

Brazilian credit is near collapse, the government owes much more than it can pay, international bankers refuse to extend the nation any more leeway, foreign investments have declined sharply, the foreign trade deficit for 1962 so far is \$160 million.

This is the situation—reproduced in varying degrees and forms—facing the U. S. in trying to aid many other Latin American nations.

An Arrogant Man

French President De Gaulle is an arrogant man, hard to get along with. He is also one of the great men of our time, despite his lack of the qualities a successful politician is supposed to have.

History will record that he gave France a stronger government, which she desperately needed, that under him she pulled out of the economic doldrums and that he freed his country of her disastrous entanglement in Algeria.

But now France has held a referendum

on De Gaulle's proposal for direct election of a president. And while he won, he had to be satisfied for the first time with a mere plurality of the registered voters. Since he had said that if his proposal didn't get overwhelming support he would resign, it is now evident that he put his prestige on the line and found it wobbly.

Parliamentary elections will be held this month, and after them it is unlikely that there will be a Gaullist majority in the General Assembly.

How High on Totem Pole?

By Hal Boyle

NEW YORK (AP)—How high is your place on the office totem pole?

Are you still climbing up, or slowly sliding down?

Sometimes it is hard for a fellow himself to be sure. The measurements between success and failure are often subtle in the modern business world.

But here is a handy guide of hints that point the way. You are probably getting to be a poohbah in your firm if—

You get your haircuts on company time without a feeling of guilt—or that you are putting something over on someone.

You spend an hour to two hours at lunch, and no longer bring it to work in a paper bag.

If your swivel chair develops a creak, somebody promptly oils it for you without being asked.

They take you off the once-a-week payroll and put you on the once-a-month payroll.

The guy who used to be on the

rung above you no longer steals your ideas and palms them off as his own. You steal his.

Aid Sought To Get Data On Barnett

NEW ORLEANS, La. (AP)—The Justice Department has asked the U.S. Court of Appeals to appoint a master to take evidence on whether Mississippi Gov. Ross Barnett has complied with court orders in the James H. Meredith desegregation case.

The Justice Department said it felt the appointment of a master was necessary because Barnett, while contending he is not in contempt of court, "did not present any evidence of what specific actions he had taken" to purge himself on a contempt citation.

The U.S. Fifth Circuit Court of Appeals found Barnett in contempt for his part in attempting to block the enrollment of Meredith, a Negro, at the University of Mississippi.

The court set Barnett's punishment at a possible \$10,000 a day fine and imprisonment until he has purged himself, but has not imposed any penalty.

The Justice Department, in a memorandum filed late Monday said it realized that the appointment of a master to take evidence would delay the court's final decision.

In view of the fact that Meredith is attending Ole Miss, and the "governor has ceased overt interference," the need for quick action no longer exists, it said.

If the company has a parking lot, there is a space reserved for your car.

You get more and more sealed interoffice memos marked "important," "private" and "strictly confidential." In the old days you only got missives like that from your friendly neighborhood loan shark.

The elevator operator asks your opinion on business conditions and what baseball team in the National League looks good for 1963.

You give up bowling and take up golf.

There is only one buzzer on your desk that you have to respond to, but there are three buzzers you can push and make others jump.

When you want to see the boss, his secretary no longer keeps you cooling your heels while she tells him you are. She smiles and says, "Go right in—he's waiting."

You spend more time reading the stock market reports than you do the sports pages.

The office boy says, "Yes, sir," instead of whining. "For Pete's sake, what do you want now?"

Fellow office workers who used to think you were the inside dope now ask you what the inside dope really is. Your wallet contains more new credit cards than old unpaid bills.

At home, the wife starts ordering more clothes for herself, and tells the kids to carry out the garbage to enable you to conserve your strength. Your dog wags his tail instead of barking at you as you enter. He senses your new importance—and hopes for better chow.

Yes, by these signs you can tell whether you have become a figure that must be reckoned with in the office—or whether you are still the same old, dreaming, white-collar zero.

Inside You and Yours

By BURTON H. FERN, M. D.

Dear Doctor: I have the opposite of diabetes. Why am I supposed to cut down on sweets?

Mrs. G. L. (Calif.) Dear Mrs. L.: Insulin lowers the blood sugar level. Yours is already low.

After eating sweets, your blood sugar rises. Insulin production shifts into high gear. Production can't stop all at once; it continues after your blood sugar's normal and may lower it to shock level.

Dear Doctor: I've been taking special hormone pills to avoid the need for another Cesarean operation.

Last month I skipped one pill but took two the next day. Now my menstrual flow is scanty. Could I be expecting?

Mrs. R. T. (Ill.) Dear Mrs. T.: It's unlikely.

These pills also help irregular menstrual rhythm. When you stop the pills at the end of the month menstrual flow doesn't begin immediately. Enough hormone remains in your system for at least three days—in the middle of the month, too.

Dear Doctor: Is honey a natural laxative?

Mrs. E. B. (N. Y.) Dear Mrs. B.: Honey is a concentrated sugary solution. Water is drawn into the intestine to dilute it and some of its sugar is fermented into gas.

Gas and water whip up intestinal rivers, and so gobs of honey turn into a harsh, unnatural laxative.

Dear Doctor: I'm 14 years old. How can I get rid of pimples on my face?

Mr. T. Y. (N. Y.) Dear Mr. Y.: Every teenager has some pimples.

Rub briskly—but lightly—with a soapy washcloth two or three times a day.

Watch out for nuts and chocolate; pork, bacon and fried foods; pies, pastries and rich desserts—but avoid only those that make you break out.

Fresh air, exercise and plenty of rest are also important. So is a skin specialist's opinion if you have more than just a few pimples.

Dear Doctor: What is a pinched nerve? How is it treated?

Mrs. W. K. (Fla.) Dear Mrs. K.: "Pinched" refers

to any nerve that's squeezed or compressed. You feel the pain at the far end of the nerve, not at the point that's pinched. If the bony icicles of (osteo) arthritis narrow spinal bone openings and squeeze nerves, the tip of your big toe may hurt.

When aspirin and other medicines can't relieve pain, the surgeon has to remove what ever is pressing on the nerve.

Rattlers, copperheads and cottonmouth moccasins are not the only poisonous snakes around these parts. Southern readers know that coral snakes can be deadly.

Poisonous coral snakes have black snouts and black, yellow and red bands encircling the body. A narrow yellow band always separates black from red.

Cincy Boy, 3, Is Problem In School

CINCINNATI (AP) — Randy Stears is a bright, blue-eyed young man but his first day at school caused a lot of problems. He's only three years old.

Randy turned up for classes at Woodward High School because his baby sitter, Pat Chapman, 16, couldn't think of any other place for him.

And Pat was not really a sitter, either. Police said she had agreed to care for the smiling youngster while his mother, Mrs. Rosemary Stears, hunted for her husband, Everett.

The youngster had been left with Pat Saturday night, and officers said Mrs. Stears finally telephoned police late Monday night.

Officers told Mrs. Stears to confer with juvenile officials this morning since the boy was spending the night at a foster home.

The teenage sitter said she was glad to take care of the boy over the weekend for Mrs. Stears, a casual acquaintance.

But on Monday, she had to go to school, and the woman with whom she lives had to go to work.

That's why Randy showed up at high school.

Swedes Study Secrets Case

STOCKHOLM, Sweden (AP) — Security arrangements within the Swedish armed forces are under scrutiny following the recent disappearance of 24,000 secret documents from the offices of the comptroller general of the armed forces.

The documents were gone for nine days before a civilian truck driver returned them, saying he had picked them up by mistake.

The documents contained full information on Swedish ammunition supplies, estimated ammunition needs in case of mobilization and locations of Swedish munitions dumps.

Security police said the truck driver had orders to pick up eight boxes of electronics equipment.

The driver left with eight boxes. Nine days later it was discovered that the boxes contained the secret military information.

It is difficult for anyone, politician, official or writer to talk about war, but we need to be realistic and face what there is. The really central fact at this moment is that Red China is off on an imperialistic jaunt which includes Cuba. We are given plentiful information about the Russians in Cuba but nothing is said about the large number of Red Chinese who are involved in the Cuban adventure. These Red Chinese are in no manner bound by any decisions of Moscow and would encourage Castro to risk war with the United States because it has been a consistent and constant aim of Red China to risk an armed conflict with the United States; that is, for Soviet Russia to risk a war with the United States, Red China sitting back to pick up the spoils.

However, as things have gone, Red China could not wait and went into India. Then Khrushchev capitulated to President Kennedy, preferring a capitalist to a Communist country. Mao Tse-tung has been attacking Khrushchev as "soft" on the West and there is a growing sensitivity on the subject among Communists.

Nevertheless, Khrushchev has to be realistic, too. His alternatives are not numerous. He can make war on the United States; or he can negotiate a peace with the United States; or, he can seek means to prolong the Cold War. His major difficulty is economic and unless he can find better means to produce food and fibres, so that the Russian people can raise their standard of living, he is in for trouble.

Peace is essential for Soviet Russia, but Russia's foreign relations are so complicated that peace cannot come about without the consent of the United States.

So far as Soviet Russia is concerned, Great Britain does not matter at all. From a Russian standpoint, Great Britain must be regarded as a dependent upon the United States. Stalin foresaw this at Yalta (1945) and tried to establish a two-power deal between himself and Franklin D. Roosevelt.

He ignored Chiang Kai-shek and DeGaulle altogether and he tried to ignore Winston Churchill. It is all in the record. Roosevelt was not antagonistic to this concept, but he died and the war ended and Stalin pushed into his imperialistic course. Neither at Potsdam nor subsequently did the United States show any evidence of understanding Stalin, not until the conquest of China and the Berlin airlift.

Russia can now make terms with any country if it strengthens Russia. That does not mean that Marxism has been abandoned by the Russians; it does mean that they are more concerned with self-preservation, expansion and survival than they are with the concepts of Marx and Lenin. If they survive, they will return to those concepts. Communism has become a technique for power rather than an ideal for life.

This we need to recognize in our current dealings with Khrushchev concerning Cuba. I should imagine the Khrushchev is more worried that the Red Chinese will impel the Cubans to create a Pearl Harbor situation in Cuba. What has Castro to lose? His situation is

that both the Americans who established him in Cuba and the Russians who sustained him, must abandon him. He can turn to the Red Chinese as a last hope or he can blow off a missile if the Russians in Cuba will let him.

It is sound military logistics and also sound politics that if Castro so much as pops a firecracker, we let go with all we have on Soviet Russia as well as Cuba. That is what President Kennedy announced that we would do.

Ergo, Soviet Russia may have to fight its major political battle with Red China in Cuba. And it may come to pass that the United States and Soviet Russia will be fighting the same enemy.

Weird but Bloody War

India continues to lose ground in the mysterious war started by marauders of Red China and now involving small armies of infantry. New Delhi admits Indian forces have suffered thousands of casualties.

Nehru realizes the seriousness of his nation's predicament and has called on Washington for arms and ammunition, which are being supplied. The United States has given large amounts of economic assistance to India, but offers of military aid have been refused in the past.

The war is mysterious for many reasons, including Peiping's intentions. Does China plan wholesale invasion of India, or is it content to continue to border controversy designed to take the eyes of its people off empty food shelves and chaotic economic conditions?

Many Western observers have noted Chin's need for more territory or fewer

people. But populous India, with its own share of underfed inhabitants, could not satiate the Chinese appetite, and could only temporarily satisfy a communist dictatorship's craving for territorial expansion. If new food sources were the Chinese aim, Southeast Asia or Mongolia would offer richer prizes.

Assuming, then, it is not riches the Chinese seek, the attack upon India becomes even more mysterious. Nehru's government has been one of the most consistent supporters of Red China in the United Nations, and even today is supporting the Soviet Union's demand for seating of the Peiping regime.

Whatever the outcome of the Red Chinese war on India, if the eyes of New Delhi have not then been opened to the worldwide threat of communist aggression, that will be the greatest mystery of all.

Marion Councilwoman Gets Nod from Jury

MARION, Ohio (AP) — Mrs. Norma Jacob, Democratic councilwoman-at-large, is entitled to her seat on the Marion City Council even though her husband and son live outside the city limits, a Probate Court jury has ruled.

The jury returned a 9-3 verdict for Mrs. Jacob Monday in the suit filed by F. Riley Hall, Marion County Republican Party chairman, and others.

Farm Roundup Farmers Given Advice on Nuclear Attack

WASHINGTON (AP)—The Agriculture Department has issued a leaflet alerting rural residents to the problems of fire resulting from nuclear attack and suggesting methods of meeting this emergency.

In a foreword, Secretary of Agriculture Orville L. Freeman said "our defense responsibilities are a definite part of all current programs, with equal priority with the programs themselves." He added:

"Protection and survival of those living in rural areas, along with crops, livestock, and other agricultural resources, is vital. In addition, some rural families may be faced with heavy responsibilities for sheltering and feeding survivors, bringing fires under control, and helping to rehabilitate nearby areas."

The leaflet asserts that preparation is the key word to the national Civil Defense program. It describes the damage a nuclear attack can cause on farms, woodlands and rural communities. It lists measures for avoiding or reducing this damage.

WASHINGTON (AP)—Australia is expected to import more cotton this season than the 83,000 bales imported in 1961-62, the Agriculture Department said today.

Imports last year were 4 per cent above the previous year. And the U.S. share of the Australian cotton import market rose to 61,000 of the 80,000 bales, or 73 per cent of the total imports.

WASHINGTON (AP)—The government may step up sales of surplus sorghum grains during the winter and spring.

This possibility is seen in the fact that government stocks of corn under a feed grain production reduction program started in 1961 have declined more than sorghum stocks.

The Agriculture Department is authorized to sell feed grains for the dual purpose of obtaining funds to pay farmers for reducing feed grain acreages and for stabilizing prices which might otherwise increase in reflection of reduced production.

Land Mine Foils Escape Try in East Germany

HELMSTEDT, Germany (AP)—An East German mine ended the flight today of a family trying to escape Communist rule, West German border guards reported.

West German guards said they watched about 20 East German guards run to the spot in the half-light and lead away the sobbing children and wife of a man who had apparently been injured in the mine explosion.

Salute to Industry

Winorr Canning Operation Initiated Here 60 Years Ago

EDITOR'S NOTE — As a salute to industry, the Circleville Area Chamber of Commerce and the Circleville Herald have undertaken to compile and publish a series of background stories on industry and the valuable part it plays in the community. The city is proud of its industries and the vital role they assume in promoting progress here. Today's story describes the origin and growth of the Winorr Canning Co.

Sixty years ago Samuel B. Orr and W. L. Pressing purchased 13 acres located on the southeast corner of Logan and Washington Sts.

Pressing and Orr were natives of Pittsburgh and partners in a food brokerage firm. A plant at Norwalk, O., was acquired by the same partners. In 1904 Orr moved his family to Circleville and Pressing traveled to Norwalk.

In 1912 the partnership dissolved, with Pressing keeping the Norwalk plant. Orr remained in Circleville. The same year the Circleville plant was chartered as an Ohio corporation under the name of The Winorr Canning Co.

During the 1920's small one line plants were built at Bainbridge, Williamsport and Stoutsville. These branch firms were added as expansion plants to the main Circleville production operation.

IN 1935 a new five-line plant was built at Wauseon, O., and the small branch plants at Bainbridge, Williamsport and Stoutsville were closed. Wauseon was especially selected due to the excellent growing area for tomatoes.

In 1958 The Esmeralda Canning Co. was purchased by Winorr which allowed for increased production facilities. In 1961 equipment was removed to Winorr's Circleville and Wauseon plants for the enlargement of both plant production lines.

During the summer and fall canning season, 200 men and women are employed at Circleville. During the winter period 18 persons are on the payroll. This year's Circleville payroll will exceed \$196,000.

During 1962, more than 2,800 acres of vegetables for canning were contracted with local farmers. Payments to these growers will exceed \$155,000.

Most all Winorr employees began their experience working in the canning plants during the summer months between the school year.

David G. Orr is president and sales manager, Edgar R. Clark is vice president and manager of the Wauseon plant, Emmett W. Barnhart is Secretary-Treasurer, Harry A. Styers is production manager, and Creighton G. Leist is superintendent of the Circleville plant. M. L. Binkley and R. A. Smith manage raw product procurement.

CURRENTLY the Circleville

plant packs early June peas, sweet peas, whole kernel and cream style corn (both yellow and white varieties), green lima beans, succotash and pumpkin. The Wauseon plant processes tomatoes, tomato juice and whole kernel golden corn.

Equivalent of 24 cans to a case of the 303 can size, Winorr packed more than 600,000 cases during the 1962 season.

Approximately 35 per cent of this production was packaged in the large No. 10 gallon can for the school, restaurant and hospital trade. The balance is sold in consumer can sizes under the company's Mozart, Goodwill and Werthmor brands plus a sizeable

volume to wholesale grocers and chain stores under their private brand labels.

Sales are made through canned food brokers. Area wise, more than 75 per cent of the sales are in Ohio, Michigan, Pennsylvania, West Virginia and Indiana. The balance of sales are shipped to 10 other eastern and southeastern states.

At the present time Winorr is making its normal production plans for the 1963 year. Currently the company is researching through the film sales department of DuPont the film packaging of fresh vegetables. It is hoped that this project can be test marketed early in the spring of 1963.

Area Chamber of Commerce Elects Seven New Directors

Seven new directors have been elected by the Circleville Area Chamber of Commerce.

Slated to assume their new posts are William Ammer, Common Pleas Court judge; Douglas Catterman, Ohio Fuel Gas; Dan Crabtree, General Electric; Dale DeLong, Reid's

Insurance; Walter Garner, The Savings Bank; R. C. Palm, Pickaway Dairy; and Richard Shaw, Basic Construction Co.

The new members were announced during yesterday's noon luncheon meeting at Bonny's Restaurant. They will meet with the present Board at the December meeting when a new vice president will be named from the group of new directors.

It was announced that President Charles Schieber and Vice President David Yates will attend the 69th annual meeting of the Ohio Chamber of Commerce in Columbus on Nov. 15. Astronaut John Glenn and his family will attend the evening session.

JACK ALKIRE, president of the Junior Chamber of Commerce announced that the annual Santa Claus Parade is scheduled 2 p. m. Nov. 23. Santa then will headquarter at the old Miller-Jones building on W. Main St.

Nat Lefko, chairman of the Retail Merchants Division, described the business survey which will be conducted here by Herbert Barrett of the Circleville High School faculty. He said a cross section of the city will be contacted to answer a series of "yes and no" questions.

The Directors expressed a favorable opinion toward continuing the current series on industry, manufacturing, processing and fabricating firms which have been published in The Herald.

Civic Club Conducts Session

A large group of members and guests were present when the Ashville Women's Civic Club, a member of the Ohio Federation of Women's Club, met for their monthly meeting at the Methodist Church.

Guest speaker for the evening was Harry Margulis, prominent local attorney, who spoke on "The Importance of Wills and Deeds". Much timely information was gained from his talk.

The women held a lengthy business session while the men guests enjoyed a coffee hour and visiting.

Mrs. Art Deal Jr., president, opened the meeting by welcoming four new members to the organization. They were introduced as follows: Mrs. Wayne Bisker, Mrs. Robert Knode, Mrs. Gene VonIns, and Mrs. Joe Hedges.

Mrs. Chester Hedges gave a short memorial in memory of Mrs. Ralph Hosler, a devoted club member until her recent passing.

The following recommendations were made by the executive committee to be acted upon: 1. That the club enter a scrapbook pertaining to all meeting notices, activities, and club projects at the Fall Conference, 1963; said book to be eligible for the "Betty Award" given each year at the Fall Conference.

2. That a general committee, consisting of two members and the president of each of the following organizations: Ashville Civic Club, Ashville Community Club, Ashville Kiwanis, Sologard Garden Club, and Ashville Garden Club meet together to discuss a Community Improvement Plan in which all would participate.

3. That, if possible, the Scholarship Committee select one or more students from Teay's Valley High School to recommend for an OFWC scholarship. This year, in observance of the 10th anniversary of the Ethel G. Swanbeck Nursing Scholarship Fund, 10 scholarships will be offered in this field alone. There are other scholarships in Art and Education.

4. That the club donate to the Pickaway County Community Fund. 5. That the club, in conjunction with the Community Club, once again sponsor a Christmas Home Decorating Contest with prize money awarded.

The club voted and passed each of the recommendations. Mrs. Deal appointed Mrs. Donald Flierl and Mrs. Harry Margulis to serve with her on the general committee for community improvements. She also appointed the following to the Christmas Home Decorating Committee: Mrs. Warren Bastian, Mrs. Robert Bausum, Mrs. Robert Slivinski, Mrs. Robert Knode, and Mrs. Wayne Bisker.

Mrs. Gene VonIns was asked to fill the vacancy of the Veterans Affairs Committee, formerly held by Mrs. Hosler.

Members voted to purchase a Club President Pin for the president to wear during her term of office in place of buying one when she departs from office. At the end of her term she will be given a small gavel pin to be connected to her president's pin to show that she is a past president. They also voted to once again sell

pecans as they have done in past years.

Mrs. Bisker and Mrs. VonIns told briefly of their interest and concerns in Civil Defense and wondered how the club could help educate the people of the community on "fall out" protection and where to go in case of enemy attack.

Mrs. VonIns and Mrs. Mary Pierce volunteered to attend the next Civil Defense meeting to be held in Circleville and report to the group. If felt necessary to take immediate action a special meeting will be called.

A director's music stand for the Ashville Methodist Church in memory of Mrs. Hosler, in lieu of flowers, will be purchased by the group.

The meeting closed with refreshments.

Mrs. Dickinson
Presides
At Guild Meet

Berger Hospital Guild No. 28 met yesterday in the home of Mrs. Orren Stout, Mrs. Hal Dickinson, president, conducted the business session.

Mrs. Stout and Mrs. Howard Smith gave their reports. A discussion was held regarding the Christmas Bazaar and smorgasbord dinner the General Guild is sponsoring. The president asked for donations from members in baked goods and other foods.

The guild voted to buy a large stainless steel roaster, dishes and serving trays for the diet room at the hospital.

Members who helped on this project were: Mrs. Hal Dickinson, Mrs. Fred Duncan, Mrs. L. E. Foreman, Mrs. Guy Heffner, Mrs. Orion King, Mrs. C. C. McClure, Mrs. Anna Ritt, Mrs. Virgil Schradler, Mrs. Smith, Mrs. Stout, Mrs. Channing Vlerebone, Mrs. C. C. Wright, Mrs. Leslie Pontious, Mrs. Ethel Palsgrove, Mrs. E. J. Stucker, Mrs. C. R. Barnhart, Sr. and Mrs. Blanch Ater.

A sunshine card was sent to Mrs. Leslie Pontious.

The hostess served a dessert course in keeping with the Thanksgiving theme.

WHITE FIR PANELS — Shelves and roomy cabinets equip one wall of this paneled room to serve a variety of storage needs.

Ample Storage Space Acquired With Planning

By JOAN O'SULLIVAN

Planning makes perfect when it comes to a home's storage space. It's a point to keep in mind if you're building a new home or renovating an old one.

First, sit down with pencil and paper and plot the built-ins needed to give you sufficient stowaway space.

Built-ins fall generally into three categories — straight storage units, living walls (sometimes called entertainment walls) and built-in furniture designed for storage.

The most effective way to plan storage is to list all the household items that need storing. Note their sizes and shapes and the way they'll be arranged (vertically or side by side). List the area of the house where they should be stored so they'll be close to the point of use.

Balance this list against available space in those areas, then plan your built-ins.

Key areas where storage is required include kitchens, bathrooms, laundries and hallways. But there isn't a room in the house that doesn't have some space that could accommodate built-ins.

In bathrooms, for example, under-sink space often goes to waste. It could be enclosed to store linens or cleaning aids.

A kitchen wall, where depth

seems insufficient for built-ins, can serve storage uses, too. A shallow floor-to-ceiling cupboard could be built on this wall to house canned goods and spices.

Forgotten places, such as underneath stairways or beneath attic eaves, can be built-in for storage.

A partition put up to divide living and dining areas can include a china cabinet on the dining side, maybe bookshelves on the living side.

A built-in "living wall" should

be designed with some special activity in mind.

Make it a music center with a shelf for Hi-Fi and cabinets for records. Or plan it for the home handy man with drawer space, cabinets and racks for his tools and materials.

Furniture built-ins include such designs as window seats, snack bars and desks. Since this type of furniture is stationary, make sure you plot its placement so it will please in the long run.

Wool Contest
Winners Named

Two entries from Pickaway County participated in the recent "Make It Yourself with Wool" contest at Wilmington.

Miss Beverly Ann McKenzie, Route 4, placed second in the senior division with a red wool dress.

Miss Page Annette Miller, Route 1, a student at Logan Elm High School, placed fourth in the sub-deb division with a blue wool skirt and sleeveless top.

Judges for the contest were Mrs. Charles McInnis and Miss Shirley Haynam, Waynesville, both active in the field of home economics.

Group Slates Meeting

The Circleville Athletic Booster Auxiliary will meet at 8 p. m. tomorrow in room 10 at the Circleville High School.

Circle 3 To Meet

Dear Abby: By Abigail Van Buren
Start Living Now!

DEAR ABBY: My mother recently passed away and I am left to care for the family house and my 80-year-old father. I am the youngest of three daughters (I am 30) and the two older ones are married. I cannot go out and enjoy an evening because neither of my sisters will relieve me and my father refuses to have a "stranger" stay with him. I asked our doctor and he said it was my duty to care for my father as long as he lives and, when he dies, the

house will belong to me. Abby, I don't want this house. What good will it be with all the unhappy memories? Our family lawyer said the same thing. I held an office job and was happy then, but I am miserable now. What should I do?

PRISONER
DEAR PRISONER: Tell your sisters (AND the family doctor and lawyer) that you do not intend to wait until your father dies to start living. If neither of your sisters will sit with your father one or two nights a week, ask the family doctor and lawyer if they would like to. Expect a negative answer and line up a "sitter." If you remain a prisoner, you have no one to blame but yourself.

Sunday School
Class Members
Conduct Meet

Mrs. Marion's Sunday School Class met Monday evening in the home of Mrs. Forrest Brown, 124 N. Scioto St. 21 members were present.

Mrs. Boyce Parks and Miss Benadine Yates were assisting hostesses.

Mrs. Virgil Cress was in charge of devotions. She read the 10th Psalm, "Reasons for Thanksgiving" by Robert Cryder and a prayer from Ideals magazine. She closed with prayer.

Miss Ruth Stout presided at the business session. A gift exchange will be held at the Christmas party. Routine business was discussed. Members are to take gifts for the Veterans Hospital Gift Shop to the Rexall Drug Store or Moore's Store.

Prizes were won by Mrs. David Goldschmidt and Mrs. Edgar McClure.

A dessert course was served during the social hour.

Mrs. Ernest Young will be hostess for the December meeting assisted by Mrs. Clark McFarland, Mrs. Thoburn Blaney, and Mrs. Oscar Turner. Mrs. Leland Dinkle will be in charge of devotions.

With time on your hands plus a freezer, you can make ice cream balls out of various flavors, then freezer, wrap and freezer-store them. Nice to have on hand when guests come. All you have to do before serving is to add a sauce; or use the ice cream balls in a cake or pie dessert.

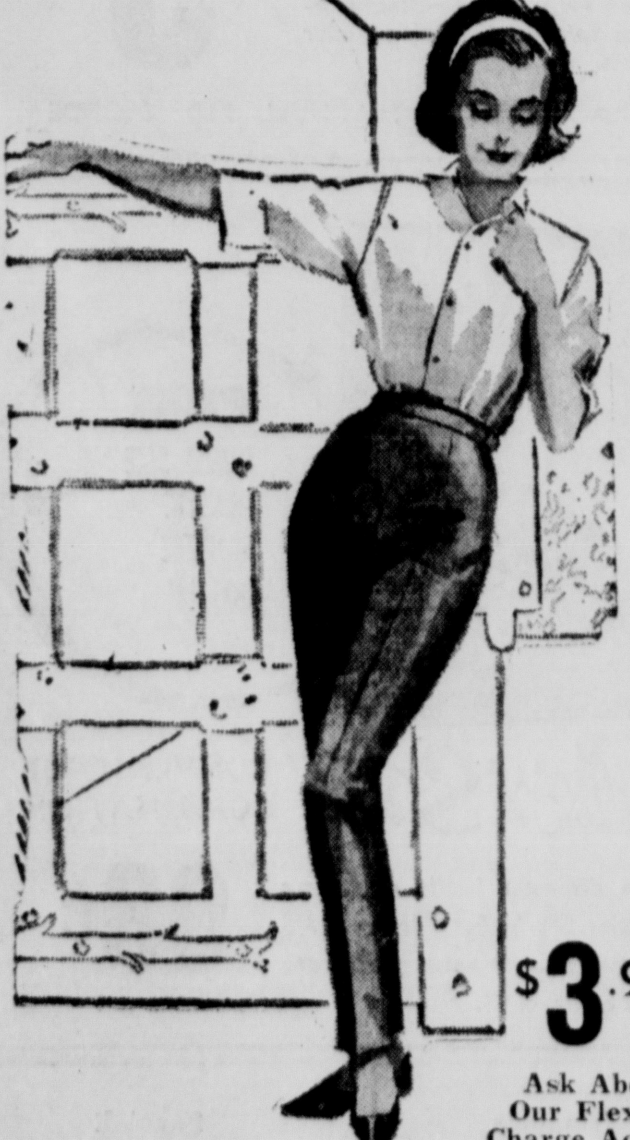

DEAR ABBY: I have never heard of a Western Wedding where the bride and groom were hitched on horseback. But I did know of a wedding where the groom had a gun in his back.

BEST MAN
DEAR ABBY: The woman signed "NEAT AND CLEAN"—who hesitated to marry a man who did manual labor because he might come home in greasy overalls—can have my husband. He is always neat and clean. He is handsome, seldom sober, has no character and he treats me like a slob. He works in an office. I have never seen him with a speck of dirt on him. After work (I work out, too) I do the housework and the gardening. My husband is so neat and clean that if I ask him to carry out the garbage he goes pale. I'm not kidding. I'd welcome the sight of dirty, greasy overalls on my husband. At least it would mean he had been doing something to justify his existence. I would be proud to say that my husband was a "common laborer." It would make him sound like a real man.

Civic Club Conducts Session

A large group of members and guests were present when the Ashville Women's Civic Club, a member of the Ohio Federation of Women's Club, met for their monthly meeting at the Methodist Church.

Guest speaker for the evening was Harry Margulis, prominent local attorney, who spoke on "The Importance of Wills and Deeds". Much timely information was gained from his talk.

The women held a lengthy business session while the men guests enjoyed a coffee hour and visiting.

Mrs. Art Deal Jr., president, opened the meeting by welcoming four new members to the organization. They were introduced as follows: Mrs. Wayne Bisker, Mrs. Robert Knode, Mrs. Gene VonIns, and Mrs. Joe Hedges.

Mrs. Chester Hedges gave a short memorial in memory of Mrs. Ralph Hosler, a devoted club member until her recent passing.

The following recommendations were made by the executive committee to be acted upon: 1. That the club enter a scrapbook pertaining to all meeting notices, activities, and club projects at the Fall Conference, 1963; said book to be eligible for the "Betty Award" given each year at the Fall Conference.

2. That a general committee, consisting of two members and the president of each of the following organizations: Ashville Civic Club, Ashville Community Club, Ashville Kiwanis, Sologard Garden Club, and Ashville Garden Club meet together to discuss a Community Improvement Plan in which all would participate.

3. That, if possible, the Scholarship Committee select one or more students from Teay's Valley High School to recommend for an OFWC scholarship. This year, in observance of the 10th anniversary of the Ethel G. Swanbeck Nursing Scholarship Fund, 10 scholarships will be offered in this field alone. There are other scholarships in Art and Education.

4. That the club donate to the Pickaway County Community Fund. 5. That the club, in conjunction with the Community Club, once again sponsor a Christmas Home Decorating Contest with prize money awarded.

The club voted and passed each of the recommendations. Mrs. Deal appointed Mrs. Donald Flierl and Mrs. Harry Margulis to serve with her on the general committee for community improvements. She also appointed the following to the Christmas Home Decorating Committee: Mrs. Warren Bastian, Mrs. Robert Bausum, Mrs. Robert Slivinski, Mrs. Robert Knode, and Mrs. Wayne Bisker.

Mrs. Gene VonIns was asked to fill the vacancy of the Veterans Affairs Committee, formerly held by Mrs. Hosler.

Members voted to purchase a Club President Pin for the president to wear during her term of office in place of buying one when she departs from office. At the end of her term she will be given a small gavel pin to be connected to her president's pin to show that she is a past president. They also voted to once again sell

peccans as they have done in past years.

Mrs. Bisker and Mrs. VonIns told briefly of their interest and concerns in Civil Defense and wondered how the club could help educate the people of the community on "fall out" protection and where to go in case of enemy attack.

Mrs. VonIns and Mrs. Mary Pierce volunteered to attend the next Civil Defense meeting to be held in Circleville and report to the group. If felt necessary to take immediate action a special meeting will be called.

A director's music stand for the Ashville Methodist Church in memory of Mrs. Hosler, in lieu of flowers, will be purchased by the group.

The meeting closed with refreshments.

Mrs. Dickinson Presides At Guild Meet

Berger Hospital Guild No. 28 met yesterday in the home of Mrs. Orren Stout, Mrs. Hal Dickinson, president, conducted the business session.

Mrs. Stout and Mrs. Howard Smith gave their reports. A discussion was held regarding the Christmas Bazaar and smorgasbord dinner the General Guild is sponsoring. The president asked for donations from members in baked goods and other foods.

The guild voted to buy a large stainless steel roaster, dishes and serving trays for the diet room at the hospital.

Members who helped on this project were: Mrs. Hal Dickinson, Mrs. Fred Duncan, Mrs. L. E. Foreman, Mrs. Guy Heffner, Mrs. Orion King, Mrs. C. C. McClure, Mrs. Anna Ritt, Mrs. Virgil Schradler, Mrs. Smith, Mrs. Stout, Mrs. Channing Vlerbone, Mrs. C. C. Wright, Mrs. Leslie Pontious, Mrs. Ethel Palsgrove, Mrs. E. J. Stucker, Mrs. C. R. Barnhart, Sr. and Mrs. Blanch Ater.

A sunshine card was sent to Mrs. Leslie Pontious.

The hostess served a dessert course in keeping with the Thanksgiving theme.

WHITE FIR PANELS — Shelves and roomy cabinets equip one wall of this paneled room to serve a variety of storage needs.

Ample Storage Space Acquired With Planning

By JOAN O'SULLIVAN

Planning makes perfect when it comes to a home's storage space. It's a point to keep in mind if you're building a new home or renovating an old one.

First, sit down with pencil and paper and plot the built-ins needed to give you sufficient stowaway space.

Built-ins fall generally into three categories — straight storage units, living walls (sometimes called entertainment walls) and built-in furniture designed for storage.

The most effective way to plan storage is to list all the household items that need storing. Note their sizes and shapes and the way they'll be arranged (vertically or side by side). List the area of the house where they should be stored so they'll be close to the point of use.

Balance this list against available space in those areas, then plan your built-ins.

Key areas where storage is required include kitchens, bathrooms, laundries and hallways. But there isn't a room in the house that doesn't have some space that could accommodate built-ins.

In bathrooms, for example, under-sink space often goes to waste. It could be enclosed to store linens or cleaning aids.

A kitchen wall, where depth

seems insufficient for built-ins, can serve storage uses, too. A shallow floor-to-ceiling cupboard could be built on this wall to house canned goods and spices.

Forgotten places, such as underneath stairways or beneath attic eaves, can be built-in for storage.

A partition put up to divide living and dining areas can include a china cabinet on the dining side, maybe bookshelves on the living side.

A built-in "living wall" should

be designed with some special activity in mind.

Make it a music center with a shelf for Hi-Fi and cabinets for records. Or plan it for the home handy man with drawer space, cabinets and racks for his tools and materials.

Furniture built-ins include such designs as window seats, snack bars and desks. Since this type of furniture is stationary, make sure you plot its placement so it will please in the long run.

Wool Contest Winners Named

Two entries from Pickaway County participated in the recent "Make It Yourself with Wool" contest at Wilmington.

Miss Beverly Ann McKenzie, Route 4, placed second in the senior division with a red wool dress.

Miss Page Annette Miller, Route 1, a student at Logan Elm High School, placed fourth in the sub-deb division with a blue wool skirt and sleeveless top.

Judges for the contest were Mrs. Charles McInnis and Miss Shirley Hayman, Waynesville, both active in the field of home economics.

TWENTY-YEAR MAN — Brigadier General William W. Veal (right), commander of the Defense Electronics Supply Center, Dayton, presents a 20-year service pin and certificate to Gale McKinley of Fairborn. McKinley, an allowance specialist in the Initial Spares Section at Wright Patterson Air Force Base, is a native of Darbyville and a 1942 graduate of Monroe Twp. High School. The DESC employee is a member of Blue Lodge 501, Eastern Star and Star Grange of Williamsport. He is married and the father of two children.

Both Logan Elm, Westfall Approve Operating Levies

School operating renewal levies met with the approval of voters in the Logan Elm and Westfall local school districts during yesterday's voting.

A 712 majority of Logan Elm voters cast affirmative votes for a five-mill levy for current operation expenses of the district. The levy will stay on the tax duplicate for five years.

The tax levy carried the majority of voters in all of the districts

nine precincts except Tarlton, which recorded 49 "yes" votes against 62 "no" ballots.

Here's the unofficial count of how other voters in the area cast their ballots: (yes votes recorded first) Circleville Twp. North, 9-1; Circleville Twp. South, 11-1; Pickaway Twp. East, 155-80; Pickaway Twp. West, 112-5; Saltcreek Twp. North, 101-42; Saltcreek Twp. South, 91-63; Washington Twp. North, 99-73; Washington Twp. South, 85-48.

WESTFALL voters passed their levy by a huge margin of 1114 to 627. Only one precinct in the area defeated the issue — Perry Twp. East with 82 votes for the levy and 85 against.

The four-mill levy, to be used for current operating expenses, will remain in effect for five years. The levy, as in the case of Logan Elm, is a renewal, rather than an additional tax.

Individual balloting of Westfall district precincts was: Darby Twp. North, 107-57; Darby Twp. South, 127-70; Deercreek Twp., 113-62; Williamsport, 177-79; Jackson Twp. North, 99-51; Jackson Twp. South, 94-41; Monroe Twp. North, 123-62; Monroe Twp. South, 89-53; Muhlenberg Twp., 50-37; Darbyville, 42-14; Perry Twp. East, 82-85; Perry Twp. West, 11-16.

Both school issues indicated voter approval as the first precincts reported. The levies continued to stay in the affirmative throughout the remainder of the counting period.

TODAY In History

By THE ASSOCIATED PRESS
Today is Wednesday, Nov. 7, the 311th day of 1962. There are 54 days left in the year.

Today's highlight in history: On this day in 1805, explorers Meriwether Lewis and William Clark sighted the Pacific Ocean at the mouth of Columbia River, establishing proof that the United States was a vast continent.

On this date: In 1811, the battle of Tippecanoe was fought. In 1874, Harper's Weekly carried Thomas Nast's first cartoon depicting an elephant as the symbol of the Republican Party.

In 1917, Communist rule was established over Russia when Lenin and Trotsky overthrew the government of Alexander Kerensky.

In 1944, Franklin Roosevelt was elected to an unprecedented fourth term as President.

In 1954, Russian jet planes shot down a U.S. Air Force photo-reconnaissance plane over Japan's Hokkaido Island.

Today's birthdays: Evangelist Billy Graham is 44. Actor Dean Jagger is 59.

This Is What District Vets Want To Know

Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, James Shea. His office is in the basement of the Courthouse.

As a continuing step in improving its service, the VA has announced it will mail some two million annual income questionnaires to veterans and dependents of deceased veterans on its non service connected pension rolls with the November 30th check. This is one month earlier than former mailings.

Laws governing non service connected pension require that the VA receive this information every year. If the pension questionnaires are not received by the usual deadline date of Jan. 31 payments will be suspended.

Now, the veteran and his dependent who are receiving pension benefits will have 60 days instead of 30 to have the questionnaire completed and returned.

However, it is not advisable to complete the questionnaire yourself. Bring the form to County Veterans Service Officer James Shea in the basement of the Courthouse. Assistance will be given with the completion of the form and proper record made of it so that no kickback may occur for improper completion of the form.

Theaters Looking with Hope To Do-It-Yourself Producers

SAN FRANCISCO (AP)—Producers of do-it-yourself films can look with some hope on the new do-it-yourself trend of film production in New York.

With Hollywood production on a constant decline for a decade, theater owners have had to scramble for new sources of movies. It's too early to detect a new wave of Eastern filming, but there was evidence of such a possibility at the sixth annual San Francisco Film Festival.

The sole American feature en-

try was a modest film called "David and Lisa." It is modest only in its scope—a case history of two emotionally upset young people—and in its cost—\$200,000.

The film's artistic merits were rated high by the festival audience. It has been shown only once before—at the Venice Film Festival, where it was named best film by a new director.

Producer Paul Heller explained how the film came to be.

Frank Perry, a stage director, and his wife Elenore, a script

writer, had come across a fictionalized case history by Theodore Rubin, M.D. They bought the rights, and Mrs. Perry fashioned a screen play. They showed it to Teller, a longtime friend who had been a television and film art director.

"Frank said he'd like to direct it as a movie, because he had never directed a film before," said Heller. "I decided I would produce it, because I had never produced a film before."

"The next thing we needed was

money. We decided to go after it just as you would finance a Broadway play. Instead of having script readings as they do in searching for play angels, we sent out scripts. We had 450 of them copied.

"Strangely, those who might back Broadway shows had no interest in financing a movie. So we had to come up with an entirely new list."

These included doctors, dentists and anyone else Heller and the Perrys could think of. Contribu-

Stiff Penalty Faces Youngstown in Theft

CLEVELAND (AP) — John M. Graean Jr., 38, of Youngstown faces possible fines of up to \$20,000 and up to 35 years in prison after being convicted in Federal Court of possession of goods stolen in Interstate Commerce. Sentencing was delayed pending a probation report.

tions ranged from \$300 to \$15,000. They found a large mansion near Philadelphia that had once been used for a school. The film was shot there in five weeks.

TWENTY-YEAR MAN — Brigadier General William W. Veal (right), commander of the Defense Electronics Supply Center, Dayton, presents a 20-year service pin and certificate to Gale McKinley of Fairborn. McKinley, an allowance specialist in the Initial Spares Section at Wright Patterson Air Force Base, is a native of Darbyville and a 1942 graduate of Monroe Twp. High School. The DESC employee is a member of Blue Lodge 501, Eastern Star and Star Grange of Williamsport. He is married and the father of two children.

Both Logan Elm, Westfall Approve Operating Levies

School operating renewal levies met with the approval of voters in the Logan Elm and Westfall local school districts during yesterday's voting.

A 712 majority of Logan Elm voters cast affirmative votes for a five-mill levy for current operation expenses of the district. The levy will stay on the tax duplicate for five years.

The tax levy carried the majority of voters in all of the districts

nine precincts except Tarlton, which recorded 49 "yes" votes against 62 "no" ballots.

Here's the unofficial count of how other voters in the area cast their ballots: (yes votes recorded first) Circleville Twp. North, 9-1; Circleville Twp. South, 11-1; Pickaway Twp. East, 155-80; Pickaway Twp. West, 112-5; Saltcreek Twp. North, 101-42; Saltcreek Twp. South, 91-63; Washington Twp. North, 99-73; Washington Twp. South, 85-48.

WESTFALL voters passed their levy by a huge margin of 1114 to 627. Only one precinct in the area defeated the issue — Perry Twp. East with 82 votes for the levy and 85 against.

The four-mill levy, to be used for current operating expenses, will remain in effect for five years. The levy, as in the case of Logan Elm, is a renewal, rather than an additional tax.

Individual balloting of Westfall district precincts was: Darby Twp. North, 107-57; Darby Twp. South, 127-70; Deercreek Twp., 113-62; Williamsport, 177-79; Jackson Twp. North, 99-51; Jackson Twp. South, 94-41; Monroe Twp. North, 123-62; Monroe Twp. South, 89-53; Muhlenberg Twp., 50-37; Darbyville, 42-14; Perry Twp. East, 82-85; Perry Twp. West, 11-16.

Both school issues indicated voter approval as the first precincts reported. The levies continued to stay in the affirmative throughout the remainder of the counting period.

This Is What District Vets Want To Know

Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, James Shea. His office is in the basement of the Courthouse.

As a continuing step in improving its service, the VA has announced it will mail some two million annual income questionnaires to veterans and dependents of deceased veterans on its non service connected pension rolls with the November 30th check. This is one month earlier than former mailings.

Laws governing non service connected pension require that the VA receive this information every year. If the pension questionnaires is not received by the usual deadline date of Jan. 31 payments will be suspended.

Now, the veteran and his dependent who are receiving pension benefits will have 60 days instead of 30 to have the questionnaire completed and returned.

However, it is not advisable to complete the questionnaire yourself. Bring the form to County Veterans Service Officer James Shea in the basement of the Courthouse. Assistance will be given with the completion of the form and proper record made of it so that no kickback may occur for improper completion of the form.

Pennsy-NYC Merger Hearings in Ohio OK'd

WASHINGTON (AP) — Two of several regional hearings scheduled between Dec. 10 and Dec. 21 New York Central Railroad merger will be held in Cleveland and Columbus, Ohio. Specific dates haven't been set.

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills. Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, buy the large size. Get Doan's Pills today!

TODAY In History

By THE ASSOCIATED PRESS

Today is Wednesday, Nov. 7, the 311th day of 1962. There are 54 days left in the year.

Today's highlight in history:

On this day in 1805, explorers Meriwether Lewis and William Clark sighted the Pacific Ocean at the mouth of Columbia River, establishing proof that the United States was a vast continent.

On this date:

In 1811, the battle of Tippecanoe was fought.

In 1874, Harper's Weekly carried Thomas Nast's first cartoon depicting an elephant as the symbol of the Republican Party.

In 1917, Communist rule was established over Russia when Lenin and Trotsky overthrew the government of Alexander Kerensky.

In 1944, Franklin Roosevelt was elected to an unprecedented fourth term as President.

In 1954, Russian jet planes shot down a U.S. Air Force reconnaissance plane over Japan's Hokkaido Island.

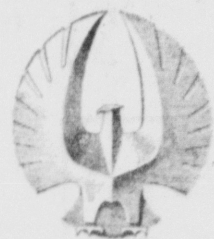

Today's birthdays:

Evangelist Billy Graham is 44. Actor Dean Jagger is 59.

Thought for today:

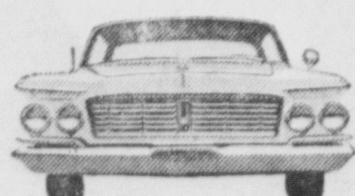

Every genuine work of art has as much reason for being as the earth and the sun—Ralph Waldo Emerson.

Theaters Looking with Hope To Do-It-Yourself Producers

SAN FRANCISCO (AP)—Producers of the new do-it-yourself trend of film production in New York.

With Hollywood production on a constant decline for a decade, theater owners have had to scramble for new sources of movies. It's too early to detect a new wave of Eastern filming, but there was evidence of such a possibility at the sixth annual San Francisco Film Festival.

The sole American feature en-

try was a modest film called "David and Lisa." It is modest only in its scope—a case history of two emotionally upset young people—and in its cost—\$200,000.

The film's artistic merits were rated high by the festival audience. It has been shown only once before—at the Venice Film Festival, where it was named best film by a new director.

Producer Paul Heller explained how the film came to be.

Frank Perry, a stage director, and his wife Elenore, a script

writer, had come across a fictionalized case history by Theodore Rubin, M.D. They bought the rights, and Mrs. Perry fashioned a screen play. They showed it to Teller, a longtime friend who had been a television and film art director.

"Frank said he'd like to direct it as a movie, because he had never directed a film before," said Heller. "I decided I would produce it, because I had never produced a film before."

"The next thing we needed was

money. We decided to go after it just as you would finance a Broadway play. Instead of having script readings as they do in searching for play angels, we sent out scripts. We had 450 of them copied.

"Strangely, those who might back Broadway shows had no interest in financing a movie. So we had to come up with an entirely new list."

These included doctors, dentists and anyone else Heller and the Perrys could think of. Contribu-

Foreign Movie Moguls Say They Have Troubles, Too

SAN FRANCISCO (AP)—Hollywood may find consolation in the fact that film industries of other countries are facing the same problems—and managing to survive.

The large delegation from Brazil to the San Francisco Film Festival reflects the vigors of that country's movie industry. What appeared at first to be a blight—television—turned into a blessing, according to the Brazilian delegates.

Before television, most of the native films were carnival-type

musicals featuring radio stars. When television came in, these old movies flooded the channels. The affluent Brazilians who could afford television sets were so fed up with the shoddy musicals they were driven back to the theaters.

This has created a whole new market for intelligent dramas. Brazil is now enjoying a "new cinema" flowering, akin to France's onetime new wave. Two of the results are being shown at the festival: "Keeper of Promises" and "The No Good Ones". The latter has a five-minute nude

scene that may limit its chances of being exhibited in the United States.

Japan's film industry, largest in the world, is having problems. This word comes from Mrs. Kashiko Kawakita, Japanese film importer and a judge of the San Francisco Film Festival.

Last year the number of Japanese films dipped to slightly under 500 (about double Hollywood's), she reported; this year they will number about 450.

"The film industry has been hurt not only by television," said

Mrs. Kawakita, "but by all the other competition for recreational time. There are sports and driving—the young people love to get out in their motor cars."

Foreign Movie Moguls Say They Have Troubles, Too

SAN FRANCISCO (AP)—Hollywood may find consolation in the fact that film industries of other countries are facing the same problems—and managing to survive.

The large delegation from Brazil to the San Francisco Film Festival reflects the vigors of that country's movie industry. What appeared at first to be a blight—television—turned into a blessing, according to the Brazilian delegates.

Before television, most of the native films were carnival-type

musicals featuring radio stars. When television came in, these old movies flooded the channels. The affluent Brazilians who could afford television sets were so fed up with the shoddy musicals they were driven back to the theaters.

This has created a whole new market for intelligent dramas. Brazil is now enjoying a "new cinema" flowering, akin to France's onetime new wave. Two of the results are being shown at the festival: "Keeper of Promises" and "The No Good Ones". The latter has a five-minute nude

scene that may limit its chances of being exhibited in the United States.

Japan's film industry, largest in the world, is having problems. This world comes from Mrs. Kashiko Kawakita, Japanese film importer and a judge of the San Francisco Film Festival.

Last year the number of Japanese films dipped to slightly under 500 (about double Hollywood's), she reported; this year they will number about 450.

"The film industry has been hurt not only by television," said

Mrs. Kawakita, "but by all the other competition for recreational time. There are sports and driving—the young people love to get out in their motor cars."

Brain Growers To Be Notified On Program

Feed grain producers in Pickaway County will be notified this fall about general provisions of the 1963 feed grain program, according to Galen D. Mowery, chairman of the Agricultural Stabilization and Conservation County Committee.

Unlike the 1962 program, only one sign-up will be held for the 1963 feed grain program, and that will be early next year. Additional information, including the base acreages, yields, and payment rates established for farms, will be mailed to growers prior to the sign-up period.

Farmers who have already planted their 1963 barley will be able to participate in the program provided they reduce their 1963 feed grain acreage by at least the minimum.

The chairman explained that the 1963 program will be a voluntary program, under which a farmer may divert an acreage of barley, corn or grain sorghums to a conservation use and receive a diversion payment and a price-support payment. He will also qualify for a price-support loan on his crop.

Base acreages for each farm of the three grains will be combined into a total feed grain base for the farm. The farmer may divert from one or more of the feed grains represented in his total base.

The minimum diversion will be 20 per cent of the farm's total feed grain base. The maximum will be 50 per cent or up to a total of 25 acres, whichever is higher, but not in excess of the total base for the farm.

As under the 1963 wheat stabilization program, a farmer will have to comply with the intentions shown on his agreement. If he does not comply fully he will not be eligible for any payments or price support on any of the three feed grains.

Also, to be eligible for a diversion payment and price support on one farm, a grower taking part in the 1963 feed grain program must not exceed the total feed grain base acreage on any other farm in which he has an interest.

Advance payments will again be available at the time of sign-up. Final payments will be made after compliance has been determined.

Moonshining Said Major U.S. Racket

LOS ANGELES (AP) — Moonshining, says a beverage manufacturer, is one of the biggest rackets in the nation.

Thomas J. Donovan, president of Licensed Beverage Industries, Inc., told a beverage makers convention Monday that illegal liquor production has averaged 50 million gallons a year for the last 10 years.

"Enforcement officials seize an average of 20,000 stills each year," Donovan said.

The illegal manufacturers have governments out of \$7 billion in tax levies in the same period, he added.

An estimated 150 persons have died from poison moonshine and thousands more have been hospitalized during the period, he said.

Doctor's Office Burglar Probably Still Running

DAYTON, Ohio (AP)—There's one burglar in town who's probably still running—and promising to give up his life of crime. He left empty-handed after opening a basement window at Dr. E. M. Early's clinic here.

Police found none of the drawers containing narcotics and medicines touched. They understood why.

The first thing visible coming through the window is a skeleton on the basement floor.

The World Today

WASHINGTON (AP)—This was a catch-as-catch-can election.

It showed no sign of any real change in the national mood. But it did reveal a lot of discontent among voters toward their state parties or individuals.

Nor could President Kennedy or former President Eisenhower claim any infallible political magic. Both campaigned for their party candidates in a number of states. In some their side won, in some it lost.

The national mood was expressed in 1960 when the Democrats were given control of the federal government. Voters could have swept them out Tuesday, if they were dissatisfied, and given the Republicans control of Congress.

This didn't happen. The Democrats went into this election with huge majorities in House and Senate. And, just as predicted, when the election was over they still retained them.

The reason was pretty clear. In this campaign there was no real issue dividing the country or compelling the voters to seek a new national direction. This much was probably good news for Kennedy.

But it won't make his task of trying to get Congress to accept his domestic programs any easier. The Democratic-run Congress was conservative before the election. It remains so because the changes there were so few.

It was in the states that the discontent and upsets showed. They were most startling in those rock-ribbed Republican states of Vermont and New Hampshire where Democrats, for the first time in generations, were elected governors.

In Vermont it was Phillip H. Hoff, the first Democrat sent to the state house in 108 years. In New Hampshire it was John W. King, the first Democrat so chosen in 40 years.

But in Michigan and Oklahoma the upsets went the other way. In Michigan George Romney was the first Republican elected governor in 14 years. In Oklahoma the first Republican ever was made governor. This was Henry Bellmon.

Eisenhower had campaigned in New Hampshire, Kennedy in Michigan. But Kennedy also went to Connecticut where his friend and fellow-Democrat, Abraham Ribicoff, was elected to the Senate. And Eisenhower talked in Pennsylvania where a Republican, William M. Scranton, was

How Weather Looks Today

COLUMBUS, Ohio (AP) — Office of Ohio's weather outlook:

Clouds and rain moved into Western Ohio Tuesday night, although it remained clear to the east.

Temperatures were below freezing where skies were clear with Youngstown reporting 31 and Zanesville 28. In the west, Cincinnati reported 42, Toledo 41 and Findlay 40.

Winds will be southerly over the state today as a weak front approaches from the west. Cloudiness and showers will reach the central counties late this morning and cover the entire state by evening.

The rain should end tonight except in the southeastern counties.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Temperatures will average near normal. Normal high 52-53, normal low 33-36. Minor day-to-day changes in daytime highs, wide fluctuation in nighttime lows. Rainfall will average one-fourth inch as showers tonight, again during weekend.

SOUTHERN & CENTRAL OHIO — Temperatures will average about three degrees below normal. Normal high 53-59, normal low 34-38. Cool Friday, moderating slightly but turning cooler on weekend. Rainfall will total about one-fourth inch in showers tonight, again on weekend.

ected governor.

A prime example of voters' switching around showed up in Ohio where a Democrat, Sen. Frank J. Lausche, was re-elected, but Republican James A. Rhodes defeated Gov. Michael V. DiSalle for the state house.

The best all around news for the Republicans was the fact they had governors elected in New York, Pennsylvania, Ohio, and Michigan, all big states which should give the party needed strength in the 1964 presidential race.

Early today the biggest casualty of the election appeared to be former Vice President Richard M. Nixon who sought the governorship of California held by Gov. Edmund G. Brown.

It was taken as granted, before Nixon ever made his bid there, that if he lost he was through as a national political figure.

Nelson A. Rockefeller, by his re-election as governor of New York, seemed as of now to have the inside track for the Republican presidential nomination two years from now.

British Survey Ship Finds New Ocean Deep

LONDON (AP) — The Royal Navy survey ship Cook reported today it has found a deeper spot — 37,782 feet — than any previously recorded in an ocean.

In a radio message to the Admiralty, the Cook said the depth was determined by echo-sounding equipment in the Mindanao Trench east of the Philippines.

This compares with the previous record depth of 36,204 feet registered by echo sounders aboard the Soviet research ship Vityaz in the Pacific Ocean's Marianas Trench in 1959.

Retirement Center Near to Realty

CLEVELAND (AP)—Firelands Retirement Centers, planned \$4.5 million housing - for - the - aged facility in Lorain County, has moved a step closer to reality with the announcement here of proposed sites for initial units.

The project, governed by a local, autonomous, non - profit organization, was initiated by the United Church of Christ last December.

The Rev. Ronald S. Larsen, executive director, said Monday construction would begin in a

year or less on:

—A core unit near the new Lorain Hospital. It will have a common dining room and health-care section, plus the project's administrative job.

— "Satellite" apartment complexes, each with a kitchenette, in four locations: near Hotel Antlers, Lorain; a lakefront location in Avon Lake; in Oberlin, and in Vermilion.

An additional site in Elyria is yet to be chosen. All are subject to zoning and city approval.

Non-members and church members alike will be eligible as occupants, the Rev. Mr. Larsen said. The centers are intended to care for some 400 persons.

British Survey Ship Finds New Ocean Deep

LONDON (AP) — The Royal Navy survey ship Cook reported today it has found a deeper spot — 37,782 feet — than any previously recorded in an ocean.

In a radio message to the Admiralty, the Cook said the depth was determined by echo-sounding equipment in the Mindanao Trench east of the Philippines.

This compares with the previous record depth of 36,204 feet registered by echo sounders aboard the Soviet research ship Vityaz in the Pacific Ocean's Marianas Trench in 1959.

Retirement Center Near to Realty

CLEVELAND (AP) — Firelands Retirement Centers, planned \$1.5 million housing - for - the - aged facility in Lorain County, has moved a step closer to reality with the announcement here of proposed sites for initial units.

The project, governed by a local, autonomous, non - profit organization, was initiated by the United Church of Christ last December.

The Rev. Ronald S. Larsen, executive director, said Monday construction would begin in a

year or less on:

— A core unit near the new Lorain Hospital. It will have a common dining room and health-care section, plus the project's administrative hub.

— "Satellite" apartment complexes, each with a kitchenette, in four locations: near Hotel Antlers, Lorain; a lakefront location in Avon Lake; in Oberlin, and in Vermilion.

An additional site in Elyria is yet to be chosen. All are subject to zoning and city approval.

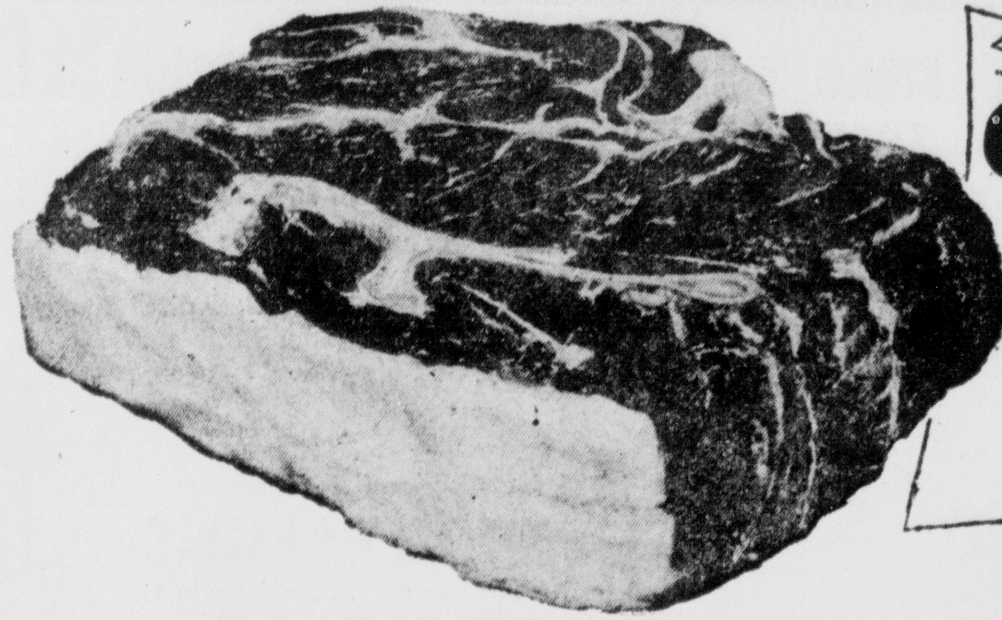

Non-members and church members alike will be eligible as occupants, the Rev. Mr. Larsen said. The centers are intended to care for some 400 persons.

Rhodes, who will become governor next Jan. 14, said he would announce no cabinet appointments for at least 30 days.

When it became apparent that Rhodes would win handily, he went to his Statehouse office where friends joined in a noisy victory celebration.

But the former Columbus mayor, unsuccessful in two former bids for governor, took a serious view of the future.

"We have tonight won a re-sounding mandate to get Ohio moving," he said. "This we shall do."

"As humbly as a man can be in an hour of vindication and as sincerely as a man can be in an hour of dedication, I say to you I shall serve one and all the people of this great state."

The governor-elect brushed aside questions about DiSalle's campaign charges and two grand jury investigations with the observation that "the campaign is over."

Republican victories that swept Democrats from the statehouse also engulfed Chief Justice Carl V. Weyandt of the Ohio Supreme Court.

Judge Kingsley A. Taft, 59, elected two years ago to a six-year term, ousted Weyandt, 74, from the post he has held since 1933, longer than any other state high court chief in the nation.

Races for state offices, all four-year terms, went this way:

Lieutenant Governor—State Sen. John W. Brown, 49, Medina Republican, defeated John J. Gallagher, 57, Cleveland restaurateur making his second try for that post. Brown previously served two terms as lieutenant governor.

Attorney General — Republican William B. Saxbe, 46, regained the office lost in 1958 by beating Robert E. Sweeney, 37, Bay Village Democrat and son of the late Congressman Martin L. Sweeney. The present attorney general, Mark McElroy, lost the Democratic gubernatorial nomination to DiSalle last May.

Auditor—Republican Roger W. Tracy, 59, former state treasurer, outran Democrat Lt. Gov. John W. Donahay, 57, son of the late A. Vic Donahay, state auditor, three-term governor and U. S. senator.

Secretary of State—Republican Ted W. Brown, completing 12 years in office, turned back Democrat Charles L. Babcock, 52, former Canton mayor.

Treasurer—Republican John D. Herbert, 32, attorney son of former Supreme Court Judge Thomas J. Herbert, defeated Thomas E. Ferguson, 34, assistant to his father, State Treasurer Joseph T. Ferguson, and former auditor.

Two State Supreme Court judgeships also were won by Republicans.

Judge John M. Matthias, 59, incumbent Republican, defeated Richmond County Common Pleas Court Judge James J. Mayer, Mansfield Democrat, and Paul M. Herbert, 73, Columbus attorney and former five-term lieutenant governor, took the measure of Municipal Court Judge Richard T. Cole, 42, Springfield Democrat.

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle and Lt. Gov. John W. Donahay got to share one letter that came to Ohio's Statehouse.

It was addressed to "Gov. Michael V. Donahay."

Ambulance Ordinance Held To First Reading by Solons

An ordinance authorizing the mayor to enter into contract for leasing an emergency ambulance for the fire department was held to first reading last night by Circleville Council.

The measure was held following a rather lengthy debate concerning two sections of the ordinance. One centered on liability insurance and the other dealt with fixing responsibility for the vehicle once it was turned over to the city.

Council indicated that more information should be obtained on the insurance factor.

The responsibility angle raised the question whether or not the vehicle should be under control of the fire chief or the safety director.

THE ORDINANCE, as drawn, specified that the chief control the ambulance. The solons amended the measure to read that the safety director hold the responsibility.

Ned H. Harden, local Chevrolet dealer, has agreed to provide the city with an ambulance providing an agreeable contract can be drawn. The vehicle would replace the fire department's old ambulance which was retired from service several weeks ago.

A suspension of rules on the ordinance failed to carry on a 3-3 vote. Councilman Charles Kirkpatrick was absent.

Other ordinances gaining passage were:

The appropriation of \$280 for payment to Squire, Sanders and

Dempsey for legal services performed in connection with the City View Sewage addition.

The appropriation of \$175 from the general fund to be credited to the public employees' retirement account.

THE APPROPRIATION of \$1,125.10 from the general fund for payment of the city's contractual obligations as a result of contracts to be entered into for construction of curbs and gutters in front of certain residential properties on Fairview Ave. and Franklin St.

In other business, Mayor Richard Penn reminded Council of the public hearing on the annexation of land south of Circleville. The hearing date is Nov. 27 in the office of the Pickaway County Board of Commissioners.

Mayor Penn urged Council to offer a recommendation on the amount of land the city would be interested in annexing. Another discussion of the annexation question probably will come up at the next session of the solons on Nov. 20.

Dudley Carpenter, finance chairman, announced that his committee will attempt to have the annual appropriation ordinance ready for introduction at the next Council session.

The solons carried a motion favoring a recommendation of the local Christmas Lighting Committee to install permanent wiring and fixtures for the annual Yuletide decoration program.

The power lines would be attached to the local electric company's poles, if approved by the

firm. This would not include the wires strung with lights, but those conducting the power.

Councilman Joe Bell said the move would be to avoid the high cost of installation and removal of power lines each year.

Thailand Cuts Movie Costs: They're Silent Filmed 16 mm.

By BOB THOMAS
AP Movie-Television Writer
SAN FRANCISCO (AP)—Festival notes:

Thailand has found a new way to beat the high cost of movie production. It's doubtful if other film industries will adopt the plan, however.

"Embrace of Fate," the Thailand entry in the San Francisco Film Festival, was presented as it is performed in its native land. Produced silent in 16mm—standard movies are 35mm—it never-

theless had dialogue spoken by live actors.

A Thai husband-wife acting team spoke all the voices, young and old, over a microphone at the theater. They also created all the sound effects.

Prince Yukola, a film producer who is a member of the royal family, said that a thousand actors are employed in Thailand to provide live dialogue not only for the native films, but to dub imported movies.

The Russian delegates reported

that the most popular American releases in their country have been "12 Angry Men," "Marty," "Roman Holiday" and "Magnificent Seven." "On the Beach" was popular among the film makers who saw it, but didn't get a general release. "The Old Man and the Sea" was a dud, as it was here.

Until this year's film festival, I had never heard an American audience hiss. Festival goers adopted the European custom of an American-made short purport-

ing to present a tender love vignette.

It proved to be banal, amateurish and eminently hissable. It's not a bad custom at all; at least it gives a victimized audience a chance to fight back.

A distinct change in the Soviet delegation can be noted. Two years ago the Soviet representatives appeared bushy-haired and in rumpled double-breasted suits. This year they were well-clipped and wore some of the sharpest Ivy League duds this side of Madison Ave.

New Du Pont 'Mylar' Plant To Be Built in Luxembourg

A plant to produce "Mylar" polyester film will be built in Luxembourg by a new subsidiary of the Du Pont Co., it was announced today.

"Mylar," a tough plastic film and a development of Du Pont research, is already being used in Europe in a wide variety of industrial and packaging applications. Du Pont manufactures "Mylar" in Circleville and Florence S. C., and has been exporting the product for several years.

Construction of the Luxembourg plant, which will be the largest polyester film plant in Europe, will get under way early next year on a 250-acre site at Sandweiler-Conten, about seven kilometers from the city of Luxembourg. All construction work will be under the supervision of the

Du Pont Engineering Department. Initial production will start up about the middle of 1964, with full-scale operation planned by the end of that year. The plant will employ about 400 people.

The new subsidiary, to be known as du Pont de Nemours (Luxembourg) S. A., will be formed shortly. John M. Rice, who has had 25 years' experience in Du Pont operations in America, will be transferred to Luxembourg as managing director.

The Luxembourg plant will produce a wide range of polyester film products for the European market, and the facility will give customers better service and an on-the-spot source of supply. Until this plant begins production, European customers will be supplied from the U. S. plants.

Certain types and gauges of film will continue to be manufactured at the Circleville plant for export to Europe.

Nursing Home Cost Deplored In Cleveland

CLEVELAND (AP)—It costs at least \$260 a month to get into a decent nursing home, and even at that prices top-notch accommodations are not always assured, says Dr. Joseph B. Stocklen, Cuyahoga County controller of chronic illness and tuberculosis.

He made the remark Monday as a panelist at a meeting on nursing homes sponsored by the Committee on Older Persons of the Cleveland Welfare Federation. The statement was based on a recent survey by his office of nursing homes sponsored by the Committee of Older Persons of the Cleveland Welfare Federation. The statement was based on a recent survey by his office of nursing homes here, he said.

He said the minimum cost at a private nursing home is \$160 a month and the maximum is \$262, while in philanthropic homes costs range from \$50 to \$913 a month and average \$415.

"Can you imagine a man with average income—about \$6,000 a year—paying this?" he asked.

3-Year-Old's School Days Ended by Mother

CINCINNATI (AP)—Randy Stears was back with his parents today after his premature entry to classes at Woodward High School.

His mother, Mrs. Rosemary Stears, was reunited Tuesday with the 3-year-old boy she thought had been left securely with a baby sitter. The sitter, 16, went to school Monday after caring for the boy since Saturday night, and took young Randy with her. Mrs. Stears had gone to search for her husband, Everett, and found him in Dayton, looking for a job.

Logan Elm Goes After SVC Crown

Logan Elm High School goes after the Scioto Valley Conference football championship Friday, when the Braves host the Bearcats of Paint Valley.

Logan Elm is presently the conference leader with a 4-1 slate. Pike-ton is still in the race with a 4-1-1 conference record and could capture the loop title should Logan Elm lose to Paint Valley.

In the second game of the season the Braves rolled to an easy 30-8 victory at Paint Valley.

However, the Bearcats are definitely an improved squad. They promise to give Logan Elm a stiff battle. Paint Valley with a 2-2-1 slate is out of the league race.

THIS IS the first year of grid competition in the league. Member schools are Laurelville, Pike-ton, Paint Valley and Logan Elm. The Laurelville Wildcats lost all of their games.

The Braves lone league loss came at the hands of the Pike-ton team. In non-league competition they have lost to The Plains of Mt. Sterling St. Aloysius and Sheri-dan High School.

Satellites Set For Game at Walnut Twp. Gym

Rookie Brown is the top attraction of the Harlem Satellite touring basketball team.

The fabulous Brown was the star of the Harlem Globetrotter movie of 1956. Since then he has banded together a great group of basketball showmen called the Sat-ellites and has made a tremendous hit with a great display of showmanship.

Saturday night at Walnut Town-ship gym, the Satellites will make their second appearance in this area. Opposition will consist of several top-notch graduates of Teays Valley district schools.

Game time will be at 8 p. m. Tickets are available in the Teays Valley district and several local sites in Ashville. The proceeds will go to the Teays Valley Boosters.

BIG MOMENT FOR LITTLE FELLAS—Visitors to the Green Bay Packer practice field, at Green Bay, Wis., the Boys Town choir boys get to meet coach Vince Lombardi (left) and Jim Ringo (right), all-pro center. Their director looks on.

AP Guesspert Picks Wildcats Over Badgers

Northwestern Seen As Bound for Trip To Colorful Rose Bowl

By HAROLD CLAASSEN Associated Press Sports Writer NEW YORK (AP) — How can you see the forest when the trees always get in your line of sight? There probably are as many up-sets hidden on this weekend's college football schedule as last. Upset Gulch resulted in 40 correct guesses with 14 setbacks for .746. Here goes for this week.

Northwestern over Wisconsin: Th Evanston Wildcats had their sinking spell last Saturday when they barely squeaked by Indiana. That should alert the country's No. 1 team never to take anyone lightly, least of all the potent Badgers.

Southern California over Stan-ford: Stanford has demonstrated its ability to spill highly rated foes but the Trojans' Pete Beathard won't let it happen here.

Alabama over Miami: A pitching battle between the Crimson Tide's Joe Namath and Miami's George Mira with the Alabama quarterback getting a little more help.

Mississippi over Chattanooga: The Rebels get a weekend vacation for beating LSU in their most recent outing.

Texas over Baylor: The Long-horns' midseason sinking spell is over.

Arkansas over Rice: Billy Moore gives Arkansas a definite edge.

Missouri over Colorado: Mis-souri has its eyes on the Orange Bowl.

Louisiana State over Texas Christian: Sonny Gibbs, towering TCU quarterback, brought Texas down with a single shot last year but doubt he can treat the LSU Tigers the same way.

Minnesota over Iowa: The Gopher line, anchored by Bobby Bell, is too potent for the Hawk-eyes.

Penn State over West Virginia: Dave Robinson and Robert Koch-man make an awesome twosome for the Pennsylvania Lions.

Oregon over Washington State: Where is there a better linman than Oregon's Steve Barnett?

Georgia Tech over Florida State: Tech's squad on the rise since that Auburn debacle.

Duke over Maryland: This one is for the Atlantic Coast Confer-ence crown.

Washington over California: Washington was shut out last week. That rarely happens to a Huskie and never twice in a row.

Army over Oklahoma State: The Oklahoma Staters picked the wrong year to make the trip east.

Also Bowling Green over Ohio University, Miami (Ohio) over Dayton and Ohio State over In-diana.

Dayton Cage Star Quits University

DAYTON, Ohio (AP) — The Uni-versity of Dayton's basketball Flyers, not even revived up yet for the 1962-63 campaign, have received their second hard jolt in a week.

Their big man, Bill Chmielew-ski, quit school Tuesday.

The surprise move from the pivot star with the 6-foot-10 frame and the hard-to-pronounce name struck on the heels of last Wednesday's setback. That was when the National Collegiate Ath-letic Association put Dayton on two-year probation, making the Flyers ineligible for postseason tournaments, for violating rules on aid to athletes and for an overemphasized freshman basket-ball program.

The Atlantic Coast Conference was founded in 1953.

Battle of Bowls Starting To Take on Final Shape

NEW YORK (AP) — No one team is definitely sure of a spot yet, but the pegs already have begun falling into place in the "battle of the bowls"—college football's frantic grabbage game. With four more Saturdays to go—three for most of the teams—this is how the post-season picture looked today:

Rose Bowl—Southern California (6-0) vs. Northwestern (6-0) or Wisconsin (5-1).

Sugar Bowl—Mississippi (6-0) vs. Arkansas (6-1).

Cotton Bowl—Texas (6-0-1) vs. Alabama (7-0).

Orange Bowl—Missouri (6-0-1) vs. Army (6-1) or Penn State (6-1).

Gator Bowl (Dec. 29)—Army (6-1) vs. Auburn (5-1) or Louisi-ana State (5-1-1).

The only bowl committed to con-ferences on both ends is the Rose Bowl at Pasadena, which matches the champions of the Pacific Coast's Big Six Conference and the Big Ten.

Southern Cal can clinch the host spot by beating Stanford this week and UCLA on Nov. 24 and perhaps can qualify by winning one of the games. Northwestern, the Big Ten leader, has a tougher task, play-ing Wisconsin Saturday and Mich-igan State the week after.

Donovan Is Elected As Tops with Tribe

CLEVELAND (AP) — It should surprise no one that pitcher Dick Donovan has been elected the Cleveland Indians' man of the year by the Cleveland chapter of the Baseball Writers Association of America.

He was a unanimous choice at the chapter's meeting Tuesday and adds the laurels to his selection as American League pitcher of the year by the Sporting News and United Press International.

The ace right-hander, 34, won 20 games and lost 10 last season.

TOLEDO, Ohio (AP) — One of two boys carrying a wooden chicken feeder on Ohio 51 just south of here was killed Tuesday night when he was struck by a tractor-trailer. Dead is Robert DeWalt, 16, of Millbury. The other youth was not injured.

Soviet Cage Team Set for Tour of U.S.

NEW YORK (AP) — The Rus-sians will be seeking their first victory over an American national team in basketball Thursday night when a Soviet squad meets the U.S. All-Stars at Madison Square Garden.

In the first game of the double-header, played under internation basketball rules, a Russian girl's team will meet the Nashville Business College team, National AAU women's champions.

The Russians, led by Viktor, Zubkov, a 6-foot-8 center from Moscow, have scheduled an 8-game tour that will take them to Maryland, South Dakota, Iowa, Texas and Colorado. The team is rated stronger than the one which lost to the United States 81-57 in Rome in 1960 for the Olympic title.

Three Americans who made the tour of Russia last spring are on the present team. They are Gary Thompson of Iowa State, Mike Moran of Marquette and Jerry Shipp of Southeast Oklahoma State.

Others on the team include Lloyd Sharrar, 6-foot-10 center from West Virginia; Bobby Rascoe, Western Kentucky State; Larry Pursful, Kentucky; Don Kojis, Marquette; and Pete McCaf-frey, St. Louis University.

The American squad is coached by Bud Browning, head man of the Phillips Oilers, perennial basket-ball leader in the AAU.

Ernie Davis' Play Chances Look Slim

CLEVELAND (AP) — Ernie Davis' chances of getting to play with the Cleveland Browns this year looked dim with indications Coach Paul Brown wants to pick up a player on waivers to replace injured safety man Bobby Frank-lin.

"Nothing will be done on Bobby's status until he is checked further," Brown said Tuesday night. There is a possibility Franklin, hospitalized with a broken collar bone, will be placed on the injured reserve list.

"Meanwhile, we'll be scanning the waivers to see if anybody we think can help will turn up," Brown added.

The National Football League would be required to give its ap-proval before Davis, who has had a complete remission from Leuk-emia, could be put on the active list.

and coaches. The event, scheduled for 6:30 p. m., is being sponsored by the TV Athletic Booster Club.

All families in the shool district are invited. They are requested to bring a covered dish and table-service.

The Rev. Charles L. Harrison, deputy superintendent of the Boy's Industrial School, will be the speaker. He has served as the school's resident protestant chap-lain for 14 years.

Grade School Cage Program Due Saturday

The city-wide fifth and sixth grade basketball program will get under way 10 a. m. Saturday in the Circleville High School gym-nasium.

Coach Paul Reiss said fifth and sixth graders from all the city schools who are interested in the program are to report at this time. He emphasized that the meeting will be organizational and no equipment will be needed.

Parents are invited to attend the session.

After graduation from Denison University, Rev. Harrison attend-eder Oberlin College and the Theo-logical Seminary of the University of Chicago. While in Chicago he worked in the Settlement House, and it was at this time that his decision was made to work with delinquent youths.

He is outstanding as a consult-ant on programming. His religious interests and rare sense of humor have enabled him to participate extensively in civic, social, frat-ernal and religious group meetings. Meat, coffee and milk will be furnished by the club. Food and table service for the honored guests will be furnished.

Svare Named New Coach of Lowly Rams

LOS ANGELES (AP)—Harland Svare, one of countless Los An-geles Rams' players traded away, took over the National Football League teams coaching duties to-day and dedicated himself to im-provement of a deficient offense.

"We've simply got to find a way to move the ball," Svare said at a news conference called after Bob Waterfield quit with 2½ years to go on his five-year contract.

The Rams have a 1-7 season's record and their home attendance has dwindled to the point where the colleges are outdrawing them.

Svare, at 32 the youngest head coach in the league, was asked if he thought he could improve the play of the Rams.

"I wouldn't have taken the job if I didn't think I could," he said.

But Ram general manager El-roy (Crazylegs) Hirsch said a turnabout was hard to envision with the toughest part of the Los Angeles schedule coming up.

Hirsch said that Waterfield, de-spondent over the failure of his team to generate a consistent of-fense, decided to resign voluntari-ly.

Hirsch said the Rams will honor the remainder of Waterfield's con-tract, generally believed to be for \$25,000 a year.

Soviet Cage Team Set for Tour of U.S.

NEW YORK (AP) — The Russians will be seeking their first victory over an American national team in basketball Thursday night when a Soviet squad meets the U.S. All-Stars at Madison Square Garden.

In the first game of the double-header, played under international basketball rules, a Russian girl's team will meet the Nashville Business College team, National AAU women's champions.

The Russians, led by Viktor, Zubkov, a 6-foot-8 center from Moscow, have scheduled an 8-game tour that will take them to Maryland, South Dakota, Iowa, Texas and Colorado. The team is rated stronger than the one which lost to the United States 81-57 in Rome in 1960 for the Olympic title.

Three Americans who made the tour of Russia last spring are on the present team. They are Gary Thompson of Iowa State, Mike Moran of Marquette and Jerry Shipp of Southeast Oklahoma State.

Others on the team include Lloyd Sharrar, 6-foot-10 center from West Virginia; Bobby Rascoe, Western Kentucky State; Larry Pursful, Kentucky; Don Kojis, Marquette; and Pete McCaffrey, St. Louis University.

The American squad is coached by Bud Browning, head man of the Phillips Oilers, perennial basketball leader in the AAU.

Ernie Davis' Play Chances Look Slim

CLEVELAND (AP) — Ernie Davis' chances of getting to play with the Cleveland Browns this year looked dim with indications Coach Paul Brown wants to pick up a player on waivers to replace injured safety man Bobby Franklin.

"Nothing will be done on Bobby's status until he is checked further," Brown said Tuesday night. There is a possibility Franklin, hospitalized with a broken collar bone, will be placed on the injured reserve list.

"Meanwhile, we'll be scanning the waivers to see if anybody we think can help will turn up," Brown added.

The National Football League would be required to give its approval before Davis, who has had a complete remission from Leukemia, could be put on the active list.

Rev. Harrison Is Scheduled At Teays Valley Grid Fete

The first Teays Valley football banquet will be held Friday in the school cafeteria, with a carry-in dinner for players, cheerleaders

REV. CHARLES HARRISON

and coaches. The event, scheduled for 6:30 p. m., is being sponsored by the TV Athletic Booster Club.

All families in the school district are invited. They are requested to bring a covered dish and table-service.

The Rev. Charles L. Harrison, deputy superintendent of the Boy's Industrial School, will be the speaker. He has served as the school's resident protestant chaplain for 14 years.

Grade School Cage Program Due Saturday

The city-wide fifth and sixth grade basketball program will get under way 10 a. m. Saturday in the Circleville High School gymnasium.

Coach Paul Reiss said fifth and sixth graders from all the city schools who are interested in the program are to report at this time. He emphasized that the meeting will be organizational and no equipment will be needed.

Parents are invited to attend the session.

After graduation from Denison University, Rev. Harrison attended Oberlin College and the Theological Seminary of the University of Chicago. While in Chicago he worked in the Settlement House, and it was at this time that his decision was made to work with delinquent youths.

He is outstanding as a consultant on programming. His religious interests and rare sense of humor have enabled him to participate extensively in civic, social, fraternal and religious group meetings.

Meat, coffee and milk will be furnished by the club. Food and table service for the honored guests will be furnished.

Svare Named New Coach of Lowly Rams

LOS ANGELES (AP)—Harland Svare, one of countless Los Angeles Rams' players traded away, took over the National Football League teams coaching duties today and dedicated himself to improvement of a deficient offense.

"We've simply got to find a way to move the ball," Svare said at a news conference called after Bob Waterfield quit with 2½ years to go on his five-year contract.

The Rams have a 1-7 season's record and their home attendance has dwindled to the point where the colleges are outdrawing them.

Svare, at 32 the youngest head coach in the league, was asked if he thought he could improve the play of the Rams.

"I wouldn't have taken the job if I didn't think I could," he said.

But Ram general manager Elroy (Crazylegs) Hirsch said a turnaround was hard to envision with the toughest part of the Los Angeles schedule coming up.

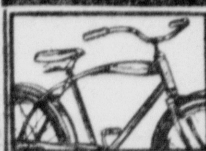

Hirsch said that Waterfield, despondent over the failure of his team to generate a consistent offense, decided to resign voluntarily.

Hirsch said the Rams will honor the remainder of Waterfield's contract, generally believed to be for \$25,000 a year.

Ohio To Gain More Seats In Congress

(Continued from Page 1)

Martin Janis, The Republican hopes with Janis stemmed from his four terms in the legislature, the most from that county for a Republican since the Civil War, and his endorsement by the Toledo Blade.

The Democratic Party listed four districts—the 6th, 13th, 14th and 15th—as those in which it hoped to gain ground. However, only Secret in the 15th was successful.

In the 6th (Adams, Brown, Clermont, Fayette, Highland, Pickaway, Pike, Ross and Scioto counties), Republican William H. Harsha won his second term, defeating television announcer Jerry Rasor. The district, the largest geographically in the state, had been controlled for 20 years by Democrat James G. Polk until his death in April 1959.

In the 13th (Sandusky, Erie, Lorain and Huron counties), J. Grant Keys failed in an effort to parlay his state cabinet post of highway safety director into victory over Republican incumbent Charles A. Mosher. Mosher, the weekly Oberlin News-Tribune. His victory is his second to Congress.

In the 14th (Medina and Summit counties), Republican William H. Ayres won his seventh term in Congress by overcoming the determined bid by Oliver Oakes, college professor and former state senator. Oakes' popularity was the

Ohio To Gain More Seats In Congress

(Continued from Page 1)

Martin Janis. The Republican hopes with Janis stemmed from his four terms in the legislature, the most from that county for a Republican since the Civil War, and his endorsement by the Toledo Blade.

The Democratic Party listed four districts—the 6th, 13th, 14th and 15th—as those in which it hoped to gain ground. However, only Secrest in the 15th was successful.

In the 6th (Adams, Brown, Clermont, Fayette, Highland, Pickaway, Pike, Ross and Scioto counties), Republican William H. Harsha won his second term, defeating television announcer Jerry Raser. The district, the largest geographically in the state, had been controlled for 20 years by Democrat James G. Polk until his death in April 1959.

In the 13th, (Sandusky, Erie, Lorain and Huron counties), J. Grant Keys failed in an effort to parlay his state cabinet post of highway safety director into victory over Republican incumbent Charles A. Mosher. Mosher, the weekly Oberlin News-Tribune. His victory is his second to Congress.

In the 14th (Medina and Summit counties), Republican William H. Ayres won his seventh term in Congress by overcoming the determined bid by Oliver Osek, college professor and former state senator. Osek's popularity was the Democrats' main hope. In most of the other 14 districts where incumbents won, it was a return of veteran congressmen.

In the 19th (Mahoning and part of Trumbull counties), 76-year-old Michael J. Kirwan, Democratic dean of Ohio congressmen, won his 14th term by defeating William V. Williams. Kirwan has been a member of Congress since 1937.

Right behind him in years of service is Republican Clarence J. Brown in the 7th District (Champaign, Clark, Clinton, Greene, Logan, Madison, Union and Warren counties). Brown, 67, defeated 28-year-old Robert A. Riley for his 13th congressional victory.

In the 20th District (part of Cuyahoga County), Michael A. Feighan, a Democrat, returns to Washington for his 11th term. He defeated Leonard G. Richter.

In the other races in which incumbents won:

2nd (part of Hamilton County) — Donald Clancy, Republican defeated Harry A. Sand for a second term.

3rd (Butler and Montgomery counties) — Paul F. Schenck, Republican, defeated Martin A. Evers for his seventh term.

4th (Allen, Auglaize, Darke, Mercer, Miami, Preble and Shelby counties) — William M. McCulloch, Republican, defeated Marjorie C. Surina for his ninth term.

5th (Defiance, Fulton, Henry, Ottawa, Paulding, Putnam, Van Wert, Williams and Wood counties) — Delbert L. Latta, Republican, defeated William T. Hunt for his third term.

Dems Keep Congress Grip, Nip Nixon, Lose Big States

WASHINGTON (AP) — Democrats won continued top-heavy control of Congress in Tuesday's elections and whipped Richard M. Nixon in California, but Republicans snatched the governorships of New York, Michigan, Ohio, and Pennsylvania—bastions of power for the 1964 presidential contest.

The congressional lineup on the basis of counting in mid-morning today shaped up in this fashion: Senate: 66 Democrats and 32 Republicans; two races undecided, but Democrats leading in both. In the present Congress, Senate Democrats have a 64-36 margin.

House: 244 Democrats and 169 Republicans; Democrats leading in 17 contests still unsettled and Republicans in 5. In the present Congress there are 261 Democrats and 174 Republicans with two vacancies.

For President Kennedy, the congressional outcome was a victory in that it bucked the tradition that the party in power normally loses a sizable block of congressional seats in off-year elections.

The President appeared also to have a strengthened lead in the Senate with the increased Democratic strength there and the addition of such warm supporters of his program as his brother, Edward (Ted) Kennedy, elected in Massachusetts, and former Secretary of Welfare Abraham Ribicoff, elected in Connecticut.

But the liberal vs. conservative division in the House, where Kennedy's legislative proposals have encountered their toughest going, apparently was little changed.

The balloting seemingly reflected no clear trend—except voter readiness to split tickets and cross party lines with abandon.

While Nixon, the unsuccessful Republican presidential nominee against Kennedy in 1960, was being turned down for governor by California voters, they re-elected Republican Sen. Thomas H. Kuchel.

There were similar mixed outcomes in other states.

Democratic Gov. Edmund G. Brown claimed victory over Nixon in the California governor race. Nixon, whose race against President Kennedy in 1960 was a near miss, refused to concede the defeat.

On the other side of the continent, GOP Gov. Nelson A. Rockefeller of New York led a re-election parade of Republicans who wrested governors' offices from the Democrats in the politically potent industrial states of Pennsylvania, Michigan and Ohio.

These, with New York, offer a Republican launching pad for the 1964 presidential contest with 119 of the 268 electoral votes needed for victory.

With his second-term victory, Rockefeller went to the head of the class of potential GOP nominees to oppose Kennedy in 1964. But a couple of newcomers also were possible enrollees—Gov.-elect George Romney of Michigan and William W. Scranton of Pennsylvania.

In mixed up balloting that

seemed to have turned on personalities rather than issues, Republicans were jolted in California, the Midwest, and in New England. They made some border state gains and picked up a few House seats in the South.

Democrats and Republicans traded governors' jobs at a furious pace. Republicans engineered overturns in Ohio, Pennsylvania, Michigan, Wyoming, Colorado and Oklahoma. Democrats retaliated by taking GOP governorships in New Hampshire, Vermont, Massachusetts, New Mexico, Iowa and Hawaii. In five undecided races, Democrats led in two, Republicans in three.

In Michigan, Romney, the former compact car maker, cut into the traditional Democratic stronghold on industrial Wayne County to knock Democratic Gov. John B. Swainson out of office.

In Ohio, State Auditor James A. Rhodes ploughed under Democratic Gov. Michael V. DiSalle. Robert Taft Jr. brought a famous name back to politics by winning a congress at-large race. Democratic Sen. Frank J. Lausche, often a critic of Kennedy's legislative proposals won re-election easily.

Multimillionaire Scranton made himself a man to be reckoned with in the Republican party by winning the governorship in a battle with Democrat Richardson Dilworth. But Democratic Sen. Joseph S. Clark weathered this GOP storm to win re-election.

In Massachusetts, Kennedy's big vote helped Democrat Endicott Peabody defeat GOP Gov. John A. Volpe.

In Connecticut, Abraham A. Ribicoff, President Kennedy's former secretary of welfare, rolled to a narrow victory in a contest with GOP Rep. Horace Seelye Brown Jr., to take over the Senate seat vacated by the retirement of Republican Sen. Prescott Bush.

Nowhere in the topsy-turvy voting results was there any clear indication that the Cuban crisis had affected the outcome.

There was conflicting evidence as to whether President Kennedy's personal popularity rubbed off on Democratic candidates. But there was no doubt that he had failed in his over-all objective of Republicans with Democrats of his own stripe so that his programs could be accelerated.

The Republican march to the statehouses in the big industrial states ran smack into a Democratic resurgence in the Midwest, once regarded as a Republican heartland.

In Nebraska, Democratic Gov. Frank B. Morrison defeated Republican Fred A. Seaton, who served as secretary of the interior in the Cabinet of former President Dwight D. Eisenhower.

In Minnesota, Democrat Earl F. Rolvaag held a lead over Republican Gov. Elmer L. Andersen. Democrats knocked off veteran GOP Sen. Alexander Wiley in Wisconsin. They elected a governor in Iowa.

In Maryland, where Eisenhower campaigned, Democrat Daniel Brewster won a Republican Senate seat and Democratic Gov. J. Millard Tawes was re-elected. The former president didn't help the Republicans much in Massachusetts.

But he could point to New York and Pennsylvania as states in which he had campaigned that gave the Republicans some satisfactory results.

With California's big total yet to be heard from, results in the House races were spotty. Republicans made a slight dent in the South by gaining seats in Texas and two each in Ohio and Utah.

Democrats won Republican seats in Connecticut, Minnesota and Ohio.</

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP)—There must be some deep significance in the new Nielsen ratings, which estimate the size of television audiences.

They reveal that a comedy show, unblushingly loaded with corny humor and preposterous situations, "Beverly Hillbillies," is now the most popular television program in the nation. Such worthy, complimented and "better" programs as the musical "Voice of Firestone" are hopelessly floundering near the bottom of the long, long list.

As a matter of fact, there is a sharp indication in the authoritative ratings that the television public turns on its set primarily in hope of being amused and lightly entertained. In the listing of today's 11 most popular programs, seven are straight comedy.

"Beverly Hillbillies" is followed closely by "The Lucy Show," another comedy with a base of broad humor. Others are Red Skelton, "Candid Camera," Danny Thomas, Andy Griffith and Dick Van Dyke. There are also two medical shows on the elite list, "Ben Casey" and "Dr. Kildare," and one Western, "Bonanza."

The emergence of comedy as the nation's currently favorite type of show has some unhappy effects on the competition. For instance, Perry Como's variety hour has lost a lot of its audience. "The Untouchables" isn't doing as well as its competition, Jack Benny.

It also appears that the programmers were wrong when they decided this was the year when the public would be ready for some World War II stories. Neither "Combat" nor "The Gallant Men," both hour-long series about infantrymen who were supposed to start a new trend, are doing very well: both have ratings behind Western rivals on other networks.

Recommended tonight: "Circle Theatre," CBS, 10-11 (EST)—"Tunnel to Freedom," dramatized version of an escape under the wall from East Berlin.

2 More West German Divisions Given NATO

BONN, Germany (AP)—West Germany will assign two more army divisions to the North Atlantic Treaty Organization in the next few weeks, the Defense Ministry said today.

This will bring to 11 the number of West German divisions raised for common Western defense.

Racial Dispute Halts U.N. Food Conference

TUNIS (AP)—A 10-day U.N. conference on African food problems broke up Monday after four days because of a dispute over South Africa's race policy.

The conference, sponsored by the Food and Agricultural Organization, ended prematurely because South Africa insisted on attending over the protest of 22 newly independent African nations.

They reveal that a comedy show, unbashingly loaded with corny humor and preposterous situations, "Beverly Hillbillies," is now the most popular television program in the nation. Such worthy, complimented and "better" programs as the musical "Voice of Firestone" are hopelessly foundering near the bottom of the long, long list.

As a matter of fact, there is a sharp indication in the authoritative ratings that the television public turns on its set primarily in hope of being amused and lightly entertained. In the listing of today's 11 most popular programs, seven are straight comedy.

"Beverly Hillbillies" is followed closely by "The Lucy Show," another comedy with a base of broad humor. Others are Red Skelton, "Candid Camera," Danny Thomas, Andy Griffith and Dick Van Dyke. There are also two medical shows on the elite list, "Ben Casey" and "Dr. Kildare," and one Western, "Bonanza."

The emergence of comedy as the nation's currently favorite type of show has some unhappy effects on the competition. For instance, Perry Como's variety hour has lost a lot of its audience. "The Untouchables" isn't doing as well as its competition, Jack Benny.

It also appears that the programmers were wrong when they decided this was the year when the public would be ready for some World War II stories. Neither "Combat" nor "The Gallant Men," both hour-long series about infantrymen which were supposed to start a new trend, are doing very well: both have ratings behind Western rivals on other networks.

Recommended tonight: "Circle Theatre," CBS, 10-11 (EST)—"Tunnel to Freedom," dramatized version of an escape under the wall from East Berlin.

2 More West German Divisions Given NATO

BONN, Germany (AP)—West Germany will assign two more army divisions to the North Atlantic Treaty Organization in the next few weeks, the Defense Ministry said today.

This will bring to 11 the number of West German divisions raised for common Western defense.

Racial Dispute Halts U.N. Food Conference

TUNIS (AP)—A 10-day U.N. conference on African food problems broke up Monday after four days because of a dispute over South Africa's race policy.

The conference, sponsored by the Food and Agricultural Organization, ended prematurely because South Africa insisted on attending over the protest of 22 newly independent African nations.

PETER DeNEEF

DeNeef Earns Chicago Trip For Three-Day Atom Study

Peter DeNeef, son of Mr. and Mrs. Charles P. DeNeef, 987 Lynwood Ave., is one of 14 sen-

ior high school students from Central and Southern Ohio who left today for a four-day excursion into the atomic world of tomorrow.

The 14 students, along with four outstanding high school teachers in the area, will attend a three-day Youta Conference on the atom. The meeting will be held in Chicago beginning tomorrow and will end Saturday. Students will be guests of the Columbus and Southern Ohio Electric Co.

DeNeef and the other students were selected through a testing system conducted by the Ohio State University to pick outstanding science students in the area served by the electric company. More than 100 students participated in the testing on a voluntary basis.

During their three-day visit in Chicago, the students will have a chance to visit the Museum of Natural Science and Argonne National Laboratories where they will see many of the present experiments in atomic research. They will also attend group discussions and hear well known scientific speakers.

THE purpose of the National Youth Conference on the Atom is to present to the students an authoritative and inspiring picture of the promise of the peaceful atom in its various applications and to help advance interest in the study of science.

Co-sponsors of the Conference are the National Science Teachers Assn. and the Future Scientists of America Foundation.

DeNeef, a senior at CHS, has a long list of achievements in the field of science. Included are an "excellent" rating at the State Science Fair as a high school Freshman and sophomore; "Superior" rating at State Science Fair as a high school junior and as a result was invited to exhibit his entry at a special display at the 1962 Ohio State Fair.

His ambition is to be an experimental research scientist in modern physics.

WILLIAM H. HARSHA

in the United States House of Representatives.

The native Pickaway Countian lost by a considerable margin to GOP incumbent William H. Harsha Jr., Portsmouth. Unofficial tabulations listed the final count at 72,291 for Harsha and 47,968 for Rasor.

Nine counties of the district are Pickaway, Scioto, Adams, Brown, Clermont, Fayette, Highland, Pike and Ross.

Rasor, in his political debut, lost out in Pickaway County 5,368 to 4,003. He finished the race with the majority of only one county, Pike with 4,076 votes cast in his favor and 2,722 for Harsha.

The victorious incumbent was elected for a second term. He is currently serving his first term in the House after defeating Frank Smith in the 1960 general election.

Other counties voting in the district race and their unofficial results are: (Harsha ballots listed first)

Scioto, 18,527-12,370; Adams, 4,165-3,023; Brown, 4-311-3,683; Clermont, 14,478-8,668; Fayette, 5,117-2,658; Highland, 6-095-3,525; and Ross, 11,448-5,962.

Levy for Retarded Children Passes, TB Measure Fails

A levy providing 10-hundredths of one mill for operation and support of a Pickaway County School for Retarded Children met with success yesterday, but a similar

levy for a Tuberculosis Clinic was not so fortunate.

The Retarded Children's School issue met the approval of 4,586 voters. Opposed were 3,890.

The TB Clinic carried 4,118 affirmative votes, but failed to gain passage as 4,539 voted on the negative side of the ballot.

The two levies were introduced in an effort to divide a current 25-hundredths of one mill levy which is the source of funds for care and treatment of Pickaway County tuberculosis patients.

PASSAGE of the two issues would have set the groundwork for dividing the current levy. Ten-hundredths of a mill would have gone to the Retarded Children School, 5-hundredths to the TB Clinic and the remaining 10-hundredths to the care of TB patients.

The Pickaway County Board of Commissioners, prior to introducing the levies, claimed funds derived from the old 25-hundredths TB care levy were building too high, but the money could not be used other than for this purpose.

The fund reportedly now stands at about \$90,000.

Indications now are that the Retarded Children's School will receive its due share under the approved levy. However, any funds for the TB Clinic would have to be derived elsewhere.

Most city precincts voted approval of the levies. Strong opposition was registered in the majority of county polling places.

PTA News

The annual Halloween Carnival, sponsored by the PTO, was held recently at Pickaway Township Elementary School.

A highlight of the carnival was the Country Store. Items were donated by the PTO.

A Halloween costume parade was conducted and winners were pre-school grade 2: Melosie Clark, prettiest; Connie Miller, most original; Michael Hildenbrand, ugliest. Grades 3-6: Patty Wilson, prettiest; Sherry Myers, ugliest; Patty Dumm, most original. Junior high: Patty Pontius, prettiest; Greg Dunkle, ugliest; Dennis Hulse and Nancy Wolford tied for most original.

There were various booths and games. Refreshments were served.

Prizes for posters advertising the Country Store were awarded to the following: Carla Hobbie, Rebecca Patrick, Teresa Wright, Peggy Wilson, Debby Young, Nancy May, Linda Davis, Carl Dean, Danny Philips, Brent Hildenbrand; O. J. Humphrey and Jerry Boysel.

The carnival was under the direction of Mrs. Jean Mills, general chairman, and her committee.

Harsha Victor Over Rasor in Sixth District

Jerry Rasor of Commercial Point was defeated yesterday in his initial attempt to gain Ohio's Sixth Congressional District seat

WILLIAM H. HARSHA

in the United States House of Representatives.

The native Pickaway Countian lost by a considerable margin to GOP incumbent William H. Harsha Jr., Portsmouth. Unofficial tabulations listed the final count at 72,291 for Harsha and 47,968 for Rasor.

Nine counties of the district are Pickaway, Scioto, Adams, Brown, Clermont, Fayette, Highland, Pike and Ross.

Rasor, in his political debut, lost out in Pickaway County 5,368 to 4,003. He finished the race with the majority of only one county, Pike with 4,076 votes cast in his favor and 2,722 for Harsha.

The victorious incumbent was elected for a second term. He is currently serving his first term in the House after defeating Frank Smith in the 1960 general election.

Other counties voting in the district race and their unofficial results are: (Harsha ballots listed first)

Scioto, 18,527-12,370; Adams, 4,165-3,023; Brown, 4-311-3,683; Clermont, 14,478-8,668; Fayette, 5,117-2,658; Highland, 6-095-3,525; and Ross, 11,448-5,962.

Levy for Retarded Children Passes, TB Measure Fails

A levy providing 10-hundredths of one mill for operation and support of a Pickaway County School for Retarded Children met with success yesterday, but a similar

levy for a Tuberculosis Clinic was not so fortunate.

The Retarded Children's School issue met the approval of 4,586 voters. Opposed were 3,890. The TB Clinic carried 4,118 affirmative votes, but failed to gain passage as 4,539 voted on the negative side of the ballot.

The two levies were introduced in an effort to divide a current 25-hundredths of one mill levy which is the source of funds for care and treatment of Pickaway County tuberculosis patients.

PTA News

The annual Halloween Carnival, sponsored by the PTO, was held recently at Pickaway Township Elementary School.

A highlight of the carnival was the Country Store. Items were donated by the PTO.

A Halloween costume parade was conducted and winners were pre-school grade 2: Melosie Clark, prettiest; Connie Miller, most original; Michael Hildenbrand, ugliest. Grades 3-6: Patty Wilson, prettiest; Sherry Myers, ugliest; Patty Dumm, most original. Junior high: Patty Pontius, prettiest; Greg Dunkle, ugliest; Dennis Hulse and Nancy Wolford tied for most original.

There were various booths and games. Refreshments were served.

Prizes for posters advertising the Country Store were awarded to the following: Carla Hobbie, Rebecca Patrick, Teresa Wright, Peggy Wilson, Debby Young, Nancy May, Linda Davis, Carl Dean, Danny Philips, Brent Hildenbrand; O. J. Humphrey and Jerry Boyse.

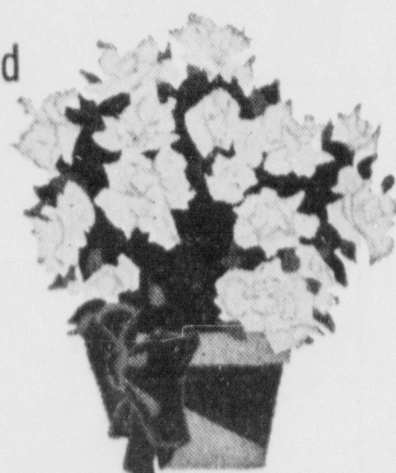

The carnival was under the direction of Mrs. Jean Mills, general chairman, and her committee.
